City Government.

ORGANIZATION OF CITY GOVERNMENT

Tuesday, January 3, 1922.

The members of the city government for the municipal year of 1922, having met for organization, agreeably to the provisions of the city charter, the convention was called to order by His Honor, Mayor Cain, at ten o'clock in the forenoon.

Hon. George H. Eames announced that Orville E. Cain, having been officially notified of his election to the office of mayor for the current municipal term, was present for the purpose of taking the oath of office. The oath of office by law prescribed was administered to the mayor-elect, Orville E. Cain, by Hon. George H. Eames, who then introduced him to the Aldermen and Councilmen and to the citizens who were present.

After roll-call by the clerk, His Honor Mayor Cain administered the oath of office to the following named members of the boards of aldermen and councilmen, to wit:

BOARD OF ALDERMEN

Ward 1.—Waldo W. Buckminster.

Ward 2.—Philip G. Howe.

Ward 3.—Franklin H. Ingalls.

Ward 4.—Sidney A. Nims.

Ward 5.—George F. T. Trask.

BOARD OF COMMON COUNCIL

Ward 1.—Richard C. Carrick.
Charles A. Hill.
Maude R. Putney.

Ward 2.—Richard J. Wellman.
George H. Sherwin.
Grace A. Richardson.

Ward 3.—Annie L. Holbrook.
Leon M. Willard.
Leroy E. Fiske.

Ward 4.—Katherine H. Faulkner.
Louis E. Roundy.
Frank A. Wright.

Ward 5.—Lula F. Lesure.
Walter A. Sawyer.
William F. Lahiff.

Prayer was then offered by the Rev. Walter D. Swaffield.

Prayer offered by Rev. W. D. Swaffield at the Inauguration of the City Government, 1922.

Our Heavenly Father we recognize Thee as the giver of every good and perfect gift. We thank Thee for the blessings which are ours as citizens of so great a country—great in extent, great in resources, great in privileges, but greatest in its service to mankind.

Not only in the nation but also in our own city do we find every provision made for the welfare of the people. Education is offered, health is safeguarded, homes are protected, human life is respected, opportunity is given. We thank Thee that there are those citizens who are willing to give of their time and effort in public service that the good of the people may be advanced. Upon these servants who have been cho-

sen to care for the welfare of the people may Thy spirit rest in giving to them a lofty conception of their task, wisdom in planning and fidelity in performing their duties. And may the work here accomplished result in making this place approach more nearly to the Divine ideal of the city of God.

We ask it in the Master's Name, Amen.

After the prayer Mayor Cain delivered his inaugural address. Frank H. Whitcomb was elected city clerk and Charles S. Wright city messenger and the councils then adjourned until 7:30 o'clock.

At 7:30 o'clock in the evening the common council organized by the choice of Richard J. Wellman as president and Harry E. Gale clerk.

THE MAYOR'S ADDRESS

Ladies and Gentlemen of the City Councils and Fellow Citizens:

This meeting is held for the purpose of organizing the new city government. The duties of the old administration end today and our responsibilities begin.

It may not be amiss to review briefly the events of the past year, because they have a bearing on the future. I will take up the various suggestions in their order under the separate heads.

Finance

A review of expenditures and a consideration of resources is very important in determining the amount which shall be expended during the fiscal year. Certain recommendations were made by the out-going Finance Committee which were based upon the amount which it was believed would be required to carry the city through the present year and do a certain amount of public improvement. I have very carefully examined the sources of revenue, and I am of the opinion that there may be anticipated approximately $182,000 to be expended in the various activities of the city. It is quite apparent that unless taxes are considerably increased, it will be impossible to provide the funds with which to do the work projected or contemplated by the last Finance Committee. Certain of the recommendations must be carried out as a matter of sound business policy. There are other things which are not contained in the recommendations of the Finance Committee which must likewise have a proper consideration. For instance the interior of the City Hall is in a state

of disrepair, and should be attended to during this year. The expense of doing this work, including new scenery, will probably be from three to four thousand dollars. Ornamental lighting in the center of the city hall will, if adopted, mean an additional expenditure of approximately $3000.

Bond issues simply mean that future governments must have a reduced capacity of expenditure in order to pay the bonds falling due and the interest on them. During the past year there was expended in paying bonds and notes, $17,000; on cash payments instead of bonds for Island Street bridge, $5000; and for the memorial payment, $5000, in addition to more than $4500 of interest.

Few people realize, because they have never taken the trouble to analyze, how little the city government actually has to do with the tax rate. The County tax, State tax, and School District tax aggregate more than $205,000, the School District tax alone being approximately the amount of the taxes raised by the City Councils. The Police Department expends more than $12,000; the electric street lights, which cost more than $12,000 during the past year, are under a contract; the Public Library expended approximately $7500; the Fire Department expended approximately $16,000, most of which was for expenditures provided by ordinance. And so I might continue to analyze the various expenditures which are beyond the control of the City Councils, leaving a proportionately small amount of money raised by taxation over which the city government has any control whatever.

It is apparent to all thinking persons that taxes are already sufficiently high, and should not be increased. We should not expend beyond the amount available. In order to determine the amount which will be required, the various departments, commissions, and boards have been asked to submit a budget, and it is upon these estimates that the recommendations of the Finance Committee are based. Over the expenditures of the Police Department and the Library, the City

Councils have no control except by way of appropriations. The amounts recommended by the Committee are those covered by the estimates of those departments. In making appropriations we should bear in mind to make them sufficient, and I feel that we have the basis for it now, and not to permit any overdrafts by any department, except in emergencies, the existence of which emergencies shall be determined by the Councils themselves.

It is apparent therefore that without a bond issue, there will not be available the amount recommended by the last Finance Committee. While I am opposed to a large bond issue at this time some of the work is of such a character, that it might well be covered by a small issue beginning to mature after all the outstanding bonds are paid.

It may develop when the engineer has reported that he will recommend a considerable expenditure for improved water and fire service which cannot be provided by taxation.

The effect of bond issues upon the city's standing is shown by the increased indebtedness during the current year of approximately $47,000, which is all covered by overdrafts and increased bond issues. It should be possible with a proper business administration to keep the expenditures of the city within its income. Municipalities have no incomes, generally speaking, except from taxes, and therefore their governments should be careful not to exceed the revenues in expenditures.

Highways

During the past year a little less than $40,000 has been expended in the permanent improvement of highways. In order to determine just what we should do, the members of the last administration employed a competent engineer, an expert in road building, who reported his conclusions to the city government. This undertaking was in order to lay out a system of public improvement under expert advice. We were extremely fortunate in being able to make a contract at a

very low price, and the work was done in an excellent manner. The plans made during the past year should be continued without so great an expenditure during the year to come.

The recommendations of the Committee will be before you. I do not need to amplify upon this matter at this time. Suffice it to say that we must replace or rebuild certain of the bridges this year. Then too, the plan of doing a certain amount of construction should be continued. A consideration of the Committee's report leads me to believe that $5000 is more than the city can afford to expend on cement sidewalks during this year. There are certain drains which should be installed. I recommend that the sum of $2000 be substituted for $5000 and that the additional $3000 be added to the appropriation for new drains.

We have available for construction on the Monadnock Road a certain sum set aside last year. By adding to it a like sum with the amount which will be received from State aid, a considerable amount of new construction can be done by contract which is the most satisfactory and economical way of constructing new highways, it has been demonstrated. The amount available last year was not sufficient to justify a contract.

Plans are in the hands of the City Clerk and Superintendent of Streets for the improvement of the area at the head of Main street. Figures are being obtained which will later be available to determine what the approximate cost of the projected improvement will be. It is necessary that there be a safety zone at this point. There should also be a bubbler for drinking purposes, and a watering trough for horses. In addition, the street is so extremely wide and flat that it needs something to relieve its monotony, in order to make the center of the city as attractive as we wish. No fitting memorial has been erected. This location is the proper one for it and this construction presents the opportunity of a memo-

rial which will testify to the sentiment of our citizens. The plans were prepared by one of the leading architects on city planning of the country, who is a summer resident of Dublin.

Athletic Field

I am placing in the hands of the City Clerk a proposition which has been received relative to a possible purchase of the land contiguous to the Branch on Lower Main Street. I recommend this matter for your consideration.

Water Department

An engineer has been employed, who, owing to the approach of the winter season, has been unable to make his final tests. It will doubtless not be possible to do this until next Spring. The engineer employed is one of the leading hydraulic engineers of the country. When his report is finally made, you will have it to guide you in providing those additional facilities which we all recognize are required.

Conservation

The committee on Lands and Buildings was directed last year to have the area from which trees have been removed reforested. This was not done. An examination of the growth reserved on a certain portion of the land next to Woodward Pond, convinces me that its value to the city is less than the sum which can now be realized by selling it. I do not think timber should be sold from this area without setting the fund aside as a sinking fund for the purpose of improving the water shed and the water supply. I recommend that the little remaining growth be sold and the proceeds be used for the purposes stated.

There is a tract of about fifty acres at the upper end of Woodward pond, belonging to E. J. Davis which can be purchased for what is a reasonable sum. It is situated on the water shed and should be acquired. The policy so wisely

adopted years ago of acquiring all the land about Woodward Pond and sloping towards it should be continued, in order to furnish adequate protection to the water supply.

As this is a matter intimately connected with the Water Department, and as the Superintendent of Water Works will be available to supervise the work of reforestation, I recommend that the matters above outlined be referred to that committee.

There is, in addition, a small tract of land situated below the lower reservoir and having no particular value so far as the water supply is concerned, which can be sold without detriment to the water supply, reserving such portion as may be necessary for carrying the water mains or pipes over the land and the right of entry for the purpose of building or repairing them. An offer has been made for this land. I recommend that the Committee on Lands and Buildings be authorized to make the sale.

There are other lands acquired about Woodward Pond which probably have no value so far as the water supply is concerned, as their slope is away from the Pond. I recommend that the Committee on Water Works, in conjunction with the Superintendent of Water Works, make a careful survey of these properties to determine whether any of them should be sold, thus restoring them for agricultural purposes in the towns in which they are situated.

Fire Department

It has seemed to me, as I have observed the work of the Department, that the city has reached the stage of development when a paid Chief Engineer should be employed, who should devote all of his time to the work of this Department. While inspections are made occasionally, not sufficient time is given to this important feature of the work of a Chief. It is manifest that a person who is in business, as are our engineers, cannot give the time which is required to make as frequent

inspections as should be done. This suggestion must in no sense be considered a reflection upon the present board of engineers. It is rather intended as a recognition of the development of the fire service under their efficient supervision to a point which makes advisable a change in system.

I recommend to the Committee a careful study of the situation to see whether or not the present apparatus, or a part of it, cannot be motorized by the purchase of an automobile chassis to which the present horse-drawn apparatus can be attached. The injury to horses in answering an alarm at any considerable distance and the improvement in motor-driven apparatus are such that I believe a combination of this kind may prove of advantage. The Department is now confronted with the necessity of purchasing more horses at this time, and therefore this subject should be a matter of early determination.

Readjustment

There has been a reduction in the cost of living of a little more than twenty per cent. Rents and fuel alone in Keene have not declined, and probably will not for some time. The ordinances were amended during the war to bring the salaries to a war basis. That period has now passed. There was a slight reduction in the labor pay roll during the past year, but there must be a further reduction during the present calendar year. Fairness to the laboring man demands that there be a proportionate reduction in the pay roll of the heads of departments. I recommend that you do not elect officers who are on salary until this subject matter has been thoroughly considered and the ordinances modified accordingly.

To illustrate the inequality existing between the city employes and others, when the Committee was confronted with the necessity of purchasing a pair of horses last fall, bids were asked for a team and driver for use of the Highway Department and Fire Department as the city horses were

habitually used. A contract was entered into by which the city is supplied with as good a pair of horses as it owns, driven by a capable driver who owns them, who supplies his own harness, etc. and also the feed for the horses, for $35 per week. The city's drivers who furnish nothing have been receiving more than $27 per week. Efficient drivers are being employed outside the city departments for very much less sums than paid by the city. I do not believe in too radical a reduction but one which will bring our expenditures within reason, and give the city employee a fair compensation, having regard to the duties he performs.

Most of the fire alarms are answered by a few men of the Department. It seems to me that the annual pay of members of the Department should be reduced, and the hourly pay for service at fires increased. This would insure that the men who perform the service would receive adequate compensation and those who do little would receive payment commensurate with the service rendered. The character of the men of the Department is such that I am sure that they will cheerfully co-operate to put the Department upon a proper basis.

Traffic Regulation

By statute the City Councils is empowered to regulate the use of streets and ways. At the present, owing to the lack of any regulation, this branch of service has become more or less farcical. There seems to be some lack of co-operation between the local officers and the Motor Vehicle Department, due apparently to the disposition of fines for infringement, which has caused the principal object of the statute to be lost sight of, namely, the protection of the public. I recommend that an ordinance be adopted providing for the regulation of traffic. This should not be too stringent but should be sufficient to impose penalties for wilful violation.

Let me urge members to be prompt in their attendance at meetings. It frequently happens that one member is neces-

sary to constitute a quorum. The other members are compelled to wait for some time while a quorum is being secured. The collective loss of time therefore is great, which can be avoided if each member will have proper regard for the obligations of office.

CITY GOVERNMENT

KEENE, N. H.

1922.

MAYOR,

ORVILLE E. CAIN.

CITY CLERK,

FRANK H. WHITCOMB.

BOARD OF ALDERMEN

Ward 1.—Waldo W. Buckminster.
Ward 2.—Philip G. Howe.
Ward 3.—Franklin H. Ingalls.
Ward 4.—Sidney A. Nims.
Ward 5.—George F. T. Trask.

BOARD OF COMMON COUNCILMEN

Ward 1.—Richard C. Carrick.
Charles A. Hill.
Maude R. Putney.

Ward 2.—Richard J. Wellman, President.
George H. Sherwin.
Grace A. Richardson.

Ward 3.—Annie L. Holbrook.
Leon M. Willard.
Leroy E. Fiske.

Ward 4.—Katherine H. Faulkner.
Louis E. Roundy.
Frank A. Wright.

Ward 5.—Lula F. Lesure.
Walter A. Sawyer.
William F. Lahiff.

Clerk—Harry E. Gale.

The City Councils meet on the first and third Thursdays of each month at 7:30 o'clock p. m.

The City Auditor sits every Saturday from 2 to 5 and 7 to 9 o'clock p. m. to examine and allow claims at No. 3 City Hall.

The Mayor will be at his office, No. 3 City Hall, every Saturday from 2 to 5 and 7 to 9 o'clock p. m.

Including the roads in use at the present time, as well as the old main roads that are but little used, but not discontinued.

Total length of roads,	59.90 miles
Total length of streets,	43.70 "
Total length of highways,	103.60 miles

For a brief history of the highways of Keene see City Report of 1919, page 47.

A LIST OF BRIDGES AND LARGE CULVERTS IN KEENE WITH LOCATION, METHOD AND DATE OF CONSTRUCTION.

(Numbers refer to location on accompanying map.)

No.	Stream.	Location.	Method of Construction.	Date
1.	The Branch	Main street	Stone arch, four arches	About 1840
2.	Beaver brook	Main street	Concrete, encased I beams	1914
3.	Ashuelot river	Appleton street	Wood (Discontinued as a public highway)	About 1820
4.	Ashuelot river	Winchester street	Steel truss and beams, concrete floor	1910
5.	Ashuelot river	Island street	Steel truss and beams, concrete floor	1921
6.	Ashuelot river	West street	Iron truss and beams, plank floor	1900
7.	City ditch	Pearl street	Concrete culvert	1921
8.	Ash Swamp ditch	Winchester street	Reinforced concrete	1910
9.	Ash Swamp ditch	Winchester street	Steel tubes and concrete	1910
10.	Ash Swamp brook	Winchester street	Steel beams and arches, concrete floor	1910
11.	Ditch	Winchester street	48-inch steel tube and concrete	1908
12.	Ash Swamp brook	Winchester, old road	Concrete, encased I beams	1915
13.	Ash Swamp brook	Meadow road	Wood	
14.	Ash Swamp brook	Old Meadow road	Wood	
15.	White brook	West street	Concrete, encased I beams	1915
16.	Small brook	West hill base road	Wood	
17.		West hill base road	Wood	

No.	Stream.	Location.	Method of Construction.	Date
18.	Small brook	Old Chesterfield road	Wood	
19.		Swanzey hill road	Wood	
20.	White brook	Whitcomb's mills r'd	Concrete, encased I beams	1921
21.	White brook	Arch street	Concrete, encased I beams	1915
22.	Stearns brook	Pemberton road	Wood (discontinued)	
23.	Stearns brook	Chesterfield road	Concrete, encased I beams	1915
24.	Small brook	Chesterfield road	Concrete, encased I beams	1915
25.	Stearns brook	Grimes road	Wood	
26.	Small brook	Grimes road	Wood	
27.		Chesterfield road	Refers to six stone culverts	
28.	Small brook	Stearns or Glebe road	Wood	
29.	White brook	Old town farm road	Wood	
30.	Over railroad	Westmoreland road	Wood truss, built and maintained by the R. R. Co.	
31.	Black brook	Arch street	Concrete, encased I beams	1915
32.	Black brook	Arch street	Steel beam, concrete floor	1915
33.	Black brook	Summit road	Reinforced concrete T. beam	1920
34.	Dickinson brook	Summit road	Reinforced concrete slab	1918
35.	Black brook	Wyman road	Reinforced concrete slab	1915
36.	Dry bridge	Court street	Concrete, encased I beams	1915
37.	Ashuelot river	Court street	Stone arch, two arches	About 1840
38.	Darling brook	Surry west road	Stone culvert	

No.	Stream.	Location.	Method of Construction.	Date
39.	Darling brook	Darling road	Stone culvert	
40.	Goose pond brook	Surry east road	Reinforced concrete	1921
41.	Goose pond brook	Goose pond road	Wood	
42.	Sturtevant brook	Surry east road	Concrete, encased I beams	1915
43.	Beaver brook	Sullivan road	Concrete, encased I beams	1915
44.	Ditch	Sullivan road	Tile pipe and concrete	1915
45.	Wilder brook	Sullivan road	Reinforced concrete slab	1915
46.	Wilder brook	West side road	Double concrete culvert	1911
47.	Wilder brook	Belvedere road, lower bridge	Wood	
48.	Wilder brook	Belvedere road, middle bridge	Wood	
49.	Wilder brook	Belvedere road, upper bridge	Wood	
50.	Beaver brook	West side road, Fall hill	Reinforced concrete T. Beams	1911
51.	Beaver brook	West side road, near Concord road	Reinforced concrete T. Beams	1911
52.	Beaver brook	Concord road	Reinforced concrete slab	1922
53.	Small brook	Concord road, near Nurse road	Reinforced concrete slab	1916
54.	Ferry brook	Sullivan road	Wood	

No.	Stream.	Location.	Method of Construction.	Date
55.	Ferry brook	Ferry brook road	Wood	
56.	Ferry brook	Concord road	Concrete, encased I beams	1916
57.	North Branch	Eveleth road	Steel truss and beams, wood floor	1907
58.	North Branch	Branch road	Steel truss and beams, wood floor. Maintained by Keene and Roxbury jointly	1908
59.	Estey brook	Concord road	Railroad iron beams, plank floor	
60.	Small brook	Branch road near H. W. Nims	Reinforced concrete slab	1916
61.	North Branch	Roxbury middle road	Steel truss and beams, plank floor	1908
62.	North branch	Roxbury road	Steel truss and beams, plank floor. Built and maintained by the town of Roxbury	1908
63.	East branch	Branch road	Steel truss and beams, wood floor	1907
64.	Small brook	Marlboro road, near town line	Reinforced concrete slab	1907
65.	Tail race	Marlboro road, South Keene	Concrete, encased I beams	1914
66.	The Branch	Marlboro road, South Keene	Iron truss and beams, plank floor	1900
67.	Tail race	Swanzey Factory r'd	Steel beams and arches, concrete floor	1909
68.	Tail race	Swanzey Factory r'd	Stone. Maintained by D. R. & F. A. Cole	
69.	Beaver brook	Baker street	Concrete, encased I beams	1915

No.	Stream.	Location.	Method of Construction.	Date
70.	Beaver brook	Marlboro street	Concrete, encased I beams	1913
71.	Beaver brook	Myrtle street	Wood	
72.	Reservoir brook	Victoria street	Reinforced concrete slab	1914
73.	Beaver brook	Water street	Steel beams, wood floor	1906

Ordinances and Joint Resolutions

ORDINANCES AND JOINT RESOLUTIONS

CITY OF KEENE

In the year of our Lord, one thousand nine hundred and twenty-one.

A JOINT RESOLUTION relating to a Deed of Hooper Street, so called.

Resolved by the City Councils of the City of Keene, as follows:

That the Mayor be and hereby is authorized to accept from Duncan J. Urquhart, Trustee, a deed of an easement over certain land from the westerly end of Hooper Street, so called, to the Ashuelot River of suitable width as and for a highway. Passed Dec. 15, 1921.

CITY OF KEENE

In the year of our Lord one thousand nine hundred and twenty-two.

A JOINT RESOLUTION relating to Regular Meetings.

Resolved by the City Councils of the City of Keene, as follows:

That the city councils meet on the first and third Thursdays of each month, at 7.30 p. m., for general business. Passed Jan. 3, 1922.

In Board of Mayor and Aldermen

It is ordered and determined:

That the Keene Electric Railway shall pay to the City of

Keene for its share of the paving in Central Square in 1913, and in West Street in 1914, the sum of $1829.70 in ten semi-annual payments of $182.97 each, with interest at the rate of 4½% per annum, semi-annually, from January 1, 1922; the first payment shall be made on July 1st, 1922, with accrued interest on the principal sum and, thereafter, on unpaid balances, from January 1st, 1922. This order shall take effect in lieu of the order passed June 17th, 1915.

And in addition said Railway Company shall pay to said City accrued interest to January 1, 1922, amounting to the sum of $548.91; and said City of Keene shall pay to said Railway Company $478.60 for services rendered; and this latter order shall be in lieu of the order passed by the Board of Mayor and Aldermen on Nov. 17, 1921.

A true copy of the order.

Attest:

FRANK H. WHITCOMB, City Clerk.

Jan. 25th, 1922.

A JOINT RESOLUTION relating to Annual Appropriations.

Resolved by the City Councils of the City of Keene, as follows:

That in accordance with recommendation of the joint standing committee on finance the following named sums be and hereby are appropriated:

Ordinary city charges,	$14,000.00
Treatment with oil and tar,	10,000.00

Said bonds shall be so drawn that five thousand dollars of said issue shall mature on March 31, 1926 and $5,000.00 shall mature annually thereafter upon the same date including March 31, 1930. They shall be issued in conformity with the provisions of Chapter 43 of the laws of 1895, shall be payable either to bearer or to the registered holder thereof of name, shall bear interest at a rate not exceeding four and one-half per cent. per annum to be fixed by the city treasurer, shall be in such denominations and payable at such place as the city treasurer may determine, and shall be exempt from taxation when held by a citizen or citizens of the city of Keene, and shall also be exempt from taxation in accordance with the provisions of the Laws of New Hampshire, 1913.

Passed Feb. 2, 1922.

A JOINT RESOLUTION relating to the Sale and Purchase of Land and Reforesting.

Resolved by the City Councils of the City of Keene, as follows:

That the joint standing committee on Water Works, Sewers and Drains be authorized and empowered to sell a part of the Fairbanks Farm situated westerly of the Lower Reser-

voir, so-called, and the Mayor be authorized and empowered to execute a deed in behalf of the City of such tract; that said Committee be authorized and empowered to sell the timber from a portion of the land on Woodward Pond, and the Mayor be authorized to execute a conveyance thereof; that from the proceeds of such sales, said Committee is authorized and empowered to purchase additional lands on the water shed on Woodward Pond, and to provide for the disposal of brush, and the reforestation of a portion of the area recently cut over about said Woodward Pond, and the remainder, if any, of the proceeds shall be set aside as a fund for purposes of reforestation, which reforestation shall be under the direction of said Committee.

Passed Feb. 2, 1922.

To the City of Keene:

Respectfully represents the undersigned that she is the executrix of the will of Thomas B. Fish, deceased, late of Keene, New Hampshire and that in said will appeared the following clause:

"I give and devise to the City of Keene for the care of my lot in Greenlawn Cemetery the sum of One Hundred Dollars.

I am ready to turn over said sum of One hundred Dollars to the City of Keene on notification that the City of Keene has accepted the same.

HATTIE E. GOODE

February 4, 1922.

A JOINT RESOLUTION relating to the Thomas B. Fish Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city of Keene, by its councils, hereby accepts the

Thomas B. Fish Cemetery Fund of one hundred dollars, in trust, however, the income only to be used in the care of the Thomas B. Fish lot in Greenlawn cemetery. The city clerk shall receipt for said fund, which shall be invested by the trustees of trust funds according to law.

Passed Feb. 16, 1922.

A JOINT RESOLUTION relating to Inventories for Taxation.

Resolved by the City Councils of the City of Keene, as follows:

That the assessors are hereby authorized to distribute the blank inventories at the time they examine and appraise the property to be taxed the current year.

Passed Feb. 16, 1922.

AN ORDINANCE Amending Chapters VI and XXXIII, City Ordinances.

Be it ordained by the City Councils of the City of Keene, as follows:

That Sect. 3, Chapter VI of the City Ordinances be and hereby is amended by striking out the words, "He shall receive in addition to the salary provided by ordinance the sum of two dollars and twenty-five cents per day for services actually rendered as superintendent and sexton, and the sum of one hundred and fifty dollars for the use of a team. He shall file his account for personal services and use of horse with the city clerk on the first day of each month, which shall be approved by the said committee and when audited shall be paid."

That Sect. 16, Chapter XXXIII of the City Ordinances be and hereby is amended by striking out said section and inserting the following:

"Sect. 16. The superintendent of cemeteries shall re-

ceive in full for services the sum of twelve hundred dollars per year, to be paid in equal monthly payments."

RICHARD J. WELLMAN, Pres. Council
ORVILLE E. CAIN, Mayor.

Passed Feb. 16, 1922.

Keene, N. H., March 1, 1922

Mr. F. H. Whitcomb, City Clerk.

Dear Sir:

In the will of Sylvanus A. Morse, late of Keene, clause No. 4 reads as follows: I give and bequeath to the City of Keene, the sum of one hundred (100) dollars the income only to be used for the care of my family lot No. 342 in Greenlawn Cemetery. I am ready to pay to the City the said one hundred dollars when notified that they will accept the same.

Yours Truly,

J. P. MORSE, Exr.

A JOINT RESOLUTION relating to the Sylvanus A. Morse Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city of Keene, by its councils, hereby accepts the Sylvanus A. Morse Cemetery fund of one hundred dollars, in trust, however, the income only to be used in the care of Lot No. 342 in Greenlawn cemetery. The city clerk shall receipt for said fund, which shall be invested by the trustees of trust funds, according to law.

Passed March 2, 1922.

A JOINT RESOLUTION relating to the Exemption from Taxation of the Elliot Community Hospital.

Resolved by the City Councils of the City of Keene, as follows:

That, whereas, the Elliot Community Hospital of Keene, is now exempt on one hundred and fifty thousand dollars and, whereas it is a charitable institution without profit to any person,

Resolved, That all property now owned or however hereafter acquired by said hospital for the purposes of said hospital is hereby exempt from taxation, provided said sum so exempted shall not exceed the sum of five hundred thousand dollars.

Passed March 16, 1922.

AN ORDINANCE Amending Chapter VIII, City Ordinances.

Be it ordained by the City Councils of the City of Keene as follows:

Section 7 of Chapter VIII of the City Ordinances is hereby amended by striking out the word "wooden" so the said section as amended shall read:

Section 7 Chapter VIII.

No person shall hereafter erect or cause to be erected, move or cause to be moved, enlarge or cause to be enlarged, any building, or set up or cause to be set up, or used, any steam, gasoline or kerosene engine in any building within the limits of the city, mentioned in section 9 of this chapter without consent of the board of mayor and aldermen, to be first had and obtained after hearing all parties in interest, duly notified by public notice posted at the door of the city hall building, at least fourteen days before the day of hearing, and further notice given to or left at the last and usual place of abode of the owner or occupants of the land adjoining the premises, where license is asked under this chapter. Each person asking the consent of the mayor and aldermen shall file at least fourteen days before the hearing provided for above, a plan and

detailed specifications of the building proposed to be erected. No person shall in repairing or reshingling the roof of any building in the limits of said city described in section 9 of this chapter use any material other than fireproof material.

Said Chapter VIII is further amended by adding sections to be numbered as follows:

Section 18. The chief engineer shall also be inspector of buildings of the city. All plans for buildings proposed to be erected or altered in the city, shall before any work is done upon such buildings, be submitted to said chief engineer for his approval or disapproval. No buildings shall be erected or altered without such approval.

Section 19. Buildings or shelters housing more than three automobiles containing live tanks of gasoline, naptha, or volatile and combustible oils, used for public livery, repair or temporary shelter purposes, shall be deemed public garages.

Section 20. No building hereafter erected shall be used as a public garage nor shall any existing building be converted to such use without first filing plans, specifications, and a statement of all facts as to location and proposed use with the Board of Mayor and Aldermen, and obtaining from them a permit to so erect, use or convert.

Section 21. No permit shall be issued for a public garage within two hundred feet of any building used as and for a hospital, church, public or parochial school, or other state or city public school, or the grounds thereof, or on any site where two-thirds of the buildings within a radius of two hundred and fifty feet are used exclusively for residential purposes and fifty or more per centum of said buildings so used are of wooden, or chiefly wooden construction.

RICHARD J. WELLMAN, President Common Council
ORVILLE E. CAIN, Mayor.

Passed March 16, 1922.

AN ORDINANCE

Be it ordained by the City Councils of the City of Keene as follows;

Section 1 Chapter VIII of the City Ordinances is hereby amended to read as follows;

Section 1 Chapter VIII.

There shall be appointed by the board of mayor and aldermen, in the month of January, annually, a chief engineer who shall give his entire time to the fire department, and two assistant engineers who shall be call men, to hold their offices one year, or until others are appointed and qualified to fill their places; and they may appoint an associate engineer; and they shall constitute the board of engineers, and perform all duties, and exercise all the powers of firewards, provided, however, that they shall be subject to removal at any time by the mayor and aldermen, who shall have the power to fill vacances.

Section 11. Chapter VIII. of the City Ordinances is hereby amended to read as follows;

Section 11. Chapter VIII.

The chief engineer shall inspect or cause to be inspected as often as once in two months all hotels and buildings used partly or wholly for business purposes within the limits of the fire precinct, and shall see that all regulations established by the engineers of the fire department respecting the prevention of fires and otherwise are inforced. He shall keep in detail a record of such inspection.

Section 12. Chapter VIII of the City Ordinances is hereby amended to read as follows;

Section 12. Chapter VIII.

The chief engineer shall have the care and general supervision of all lines and apparatus connected with the electric fire alarm circuits and all apparatus used for extinguishing fires belonging to the city.

Section 13. Chapter XXXIII. of the City Ordinances is hereby amended to read as follows;

Section 13. Chapter XXXIII.

The chief engineer of the fire department shall receive the sum of two thousand dollars per year, payable in equal monthly payments, the clerk of the board of engineers the sum of one hundred seventy-five dollars and the other assistant engineer and the associate engineer the sum of one hundred fifty dollars each, per year in full for their services, and for all duties appertaining to their respective offices, clerk and assistant and associate engineer to be paid at the expiration of their official year.

Section 14. Chapter VIII of the City Ordinances is hereby amended by striking out the whole thereof.

Sections 15, 16, and 17. Chapter VIII. shall be renumbered, 14, 15, and 16 respectively.

Passed March 16, 1922.

A JOINT RESOLUTION relating to the issue of bonds, amending Joint Resolution, passed Feb. 2, 1922.

Resolved by the City Councils of the City of Keene, as follows:

That in accordance with the Municipal Bonds Act of 1895, as amended by Chapter 129 of the laws of 1917, a certain joint resolution passed February 2, 1922, authorizing the issue of bonds by the city in the sum of twenty-five thousand dollars ($25,000.) be so far modified that said bonds shall mature as follows: twenty-five hundred dollars ($2,500.) on the thirty-first day of March, 1924 and twenty-five hundred dollars ($2,500.) annually thereafter for nine years on the thirty-first day of March in each year, but in all other respects the provisions of said joint resolution are ratified and confirmed.

Passed March 16, 1922.

Keene, N. H., March 3, 1922.

The undersigned desires to give to the City of Keene, in trust, however, the sum of one-hundred dollars, to be known as the William P. Carleton Cemetery Fund, the income only to be used in the care of Lot No. 48 in Greenlawn Cemetery.

LIZZIE M. CARLETON

A JOINT RESOLUTION relating to the William P. Carleton Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city of Keene, by its councils, hereby accepts the William P. Carleton Cemetery Fund of one hundred dollars, in trust, however, the income only to be used in the care of Lot No. 48 in Greenlawn cemetery. The city clerk shall receipt for said fund, which shall be invested by the trustees of trust funds according to law.

Passed March 16, 1922.

To the Honorable Mayor and City Councils:

I desire to turn over to the City of Keene a one-hundred dollar par value liberty bond of the fourth loan to be known as the Nims-Houghton Cemetery Fund, income from which shall be used for the perpetual care and maintenance of lot number forty-eight, Greenlawn Cemetery.

Given at Keene this fourth day of March, 1922.

MRS. SUSAN U. HOUGHTON.

A JOINT RESOLUTION relating to the Nims-Houghton Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city of Keene, by its councils, hereby accepts a

one hundred dollar liberty bond, in trust, however, the income only to be used in the care of Lot 48 in Greenlawn Cemetery. The city clerk shall receipt for said bond, which shall be placed in the custody of the trustees of trust funds, according to law.

Said fund shall be known as the Nims-Houghton Fund.
Passed March 16, 1922.

Keene, N. H., March 15, 1922.

To the Honorable City Government of Keene, N. H.:

His Honor the Mayor and members of the Board of Aldermen and Common Council:

Gentlemen:—In behalf of the comrades of John Sedgwick post No. 4 G. A. R., I respectfully request that we be given the use of Keene city hall during the day and evening of Memorial day, May 30, 1922.

Yours truly,
OLIVER P. MURDICK,
Com. of Post 4 G. A. R.

A JOINT RESOLUTION relating to City Hall.

Resolved by the City Councils of the City of Keene, as follows:

That the committee on city hall grant the free use of said hall to John Sedgwick Post, No. 4, G. A. R., on the thirtieth day of May, next.
Passed March 16, 1922.

A JOINT RESOLUTION relating to Collection of Taxes.

Resolved by the City Councils of the City of Keene, as follows:

That the tax collector is hereby authorized to give notice in writing to persons whose taxes shall be unpaid, after the

same has been due and payable for a period of two weeks and, if the said taxes are not paid within fourteen days after the said notice, then said collector may charge twenty-cents for said notice and may distrain for the same.

That the tax collector is hereby authorized to appoint such deputies as he may see fit shall be sworn, give bond to the satisfaction of the City, and have the powers of collectors, who may be removed at the pleasure of the collector.

Passed March 16, 1922.

A JOINT RESOLUTION relating to Maintenance of Trunk lines and State aid roads.

Resolved by the City Councils of the City of Keene, as follows:

That the sum of Nine Thousand Dollars be and hereby is appropriated from any money in the treasury, not otherwise appropriated, for the Maintenance of Trunk Lines and the sum of Seventy Dollars for the Maintenance of State Aid Roads, within the limits of the city of Keene.

Passed March 16, 1922.

A JOINT RESOLUTION relating to Play Ground.

Resolved by the City Councils of the City of Keene, as follows:

That in addition to the sum of seven thousand dollars ($7000.) heretofore appropriated for the purchase of a playground, the sum of five hundred dollars ($500) be appropriated and that the joint standing committee on finance be authorized to negotiate and complete the purchase of certain lands on Main Street, containing about thirty (30) acres from the Trustees of the estate of Elisha F. Lane, deceased.

Passed April 6, 1922.

A JOINT RESOLUTION relating to a Street Light.

Resolved by the City Councils of the City of Keene, as follows:

That the committee on street lights cause an incandescent electric light to be installed in Boston Place.
Passed April 6, 1922.

A JOINT RESOLUTION relating to a Discount on Taxes.

Resolved by the City Councils of the City of Keene, as follows:

That the tax collector be and he is hereby authorized and instructed to allow a discount of two per centum on all taxes assessed the present year, which shall be paid on or before August first, 1922.
Passed April 6, 1922.

Keene, N. H., March 23, 1922.

To the City Councils:

The undersigned desires to give to the city the sum of one hundred dollars, in trust, however, the income only to be used in the care of the Lot No. 332 in Greenlawn Cemetery, where Henry H. Tenney and Sarah D. Baker are buried, the fund to be called the Tenney and Baker Cemetery Fund.

MARY L. TENNEY.

A JOINT RESOLUTION relating to the Tenney and Baker Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city of Keene, by its councils, hereby accepts the Tenney and Baker Cemetery fund of one hundred dollars, in trust, however, the income only to be used in the care of

Lot No. 332 in Greenlawn cemetery. That the city clerk shall receipt for said fund, which shall be invested by the trustees of trust funds according to law.
Passed April 6, 1922.

A JOINT RESOLUTION relating to a Truck.

Resolved by the City Councils of the City of Keene, as follows:

That the Joint Standing Committee on Water works, Sewers and Drains, be and hereby is authorized to purchase, in its discretion, a one-ton truck, cab and dump-body, for a sum not exceeding seven hundred seventy dollars.
Passed April 20, 1922.

A JOINT RESOLUTION relating to Mary R. Hall Charitable Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the income from the Mary R. Hall Charitable Fund, amounting to sixty dollars, be divided among worthy women of Keene, by the Board of Mayor and Aldermen, in accordance with the terms of the bequest.
Passed May 4, 1922.

A JOINT RESOLUTION relating to an Electric Light.

Resolved by the City Councils of the City of Keene, as follows:

That the committee on street lights cause an incandescent electric light to be installed in Colony Court in the exercise of its discretion.
Passed May 4, 1922.

A JOINT RESOLUTION relating to Drains.

Resolved by the City Councils of the City of Keene, as follows:

That a pipe of suitable size be laid in Appian Way from Madison St. to Main St. and that the sum of one thousand, eight hundred and forty two dollars and twenty five cents ($1,842.25) be appropriated for that purpose.

Passed May 4, 1922.

A JOINT RESOLUTION relating to Fire Hose.

Resolved by the City Councils of the City of Keene, as follows:

That the sum of nine hundred dollars be and hereby is appropriated from any money in the treasury not otherwise appropriated for the purchase of 1,000 feet of fire hose under the direction of the joint standing committee on fire department.

Passed May 18, 1922.

A JOINT RESOLUTION relating to the William A. Clifford Cemetery fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city of Keene hereby accepts the William A. Clifford cemetery fund of one hundred dollars, being in the form of a United States bond of Second Liberty Loan Converted, in trust, however, the income only to be used in the care of the Wesley H. Wheeler cemetery lot, numbered 55 in Section No. 4 in Woodland cemetery. The city clerk shall receipt for said fund, which shall be placed in custody of the trustees of trust funds as required by law.

Passed June 1, 1922.

Keene, N. H., May 29, 1922.

To the City Councils:

The undersigned desires to present to the city of Keene, in trust, however, the sum of one hundred dollars as a cemetery fund, the income only to be used in the care of Lot No. 23 in Section number 6 in Woodland cemetery.

I am ready to pay the fund over to the person authorized to receipt for the same.

MRS. ELLEN G. BARKER.

A JOINT RESOLUTION relating to the Amos Bancroft Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city of Keene by its councils hereby accepts the Amos Bancroft Cemetery Fund of one hundred dollars, in trust, however, the income only to be used in the care of Lot No. 23 in Sect. 6, Woodland cemetery. The city clerk shall receipt for said fund, which shall be invested by the trustees of trust funds according to law.

Passed June 1, 1922.

A JOINT RESOLUTION relating to Street Sprinkling.

Resolved by the City Councils of the City of Keene, as follows:

That the joint standing committee on streets be and it is hereby authorized and instructed to cause to be watered or otherwise treated for the prevention of dust, the current year, such public streets and places as they, in their discretion, may deem judicious.

That the superintendent of streets be and he is hereby instructed to furnish said committee with three pairs of the city's horses and drivers therefor, for the purposes aforesaid; but said horses shall always be at the absolute disposal of the

proper authorities whenever required for the use of the fire department.

That the board of mayor and aldermen be and hereby is authorized and instructed to assess upon each estate abutting upon the streets and places so watered or treated in 1921 the sum of two dollars to cover the cost of such watering or otherwise treating and to certify the amount of such assessments upon each estate so assessed to the collector of taxes, who shall include the same in the next tax bill issued for the annual tax on each of said estates, unless the same shall have been previously paid.

That such assessments shall be paid to the collector of taxes, and shall be due and payable on June first, next.

That the streets so designated, and no others, shall be watered or so treated, during the present year; provided, however, that said committee may cause to be watered, or otherwise treated for the prevention of dust, when directed by the board of mayor and aldermen, other streets, or parts of streets, whenever two-thirds of the abutters upon any given street or part of a street, shall so request in writing.

That in case the watering service be extended as aforesaid the board of mayor and aldermen shall proceed to assess the estates of all abutters upon such streets or parts of streets, as hereinbefore provided, and certify the same to the collector of taxes, who shall collect the same in accordance with the provisions of this resolution hereinbefore contained.

Passed June 1, 1922.

A JOINT RESOLUTION relating to the free use of the City's Playground, so-called, on Main Street.

Resolved by the City Councils of the City of Keene, as follows:

That the free use of the city's playground, so-called, situated on Main Street in Keene be given to Cheshire Grange

No. 131, patrons of husbandry, for the purpose of holding an agricultural fair on the following dates: August 28th to September 2d, 1922, both dates inclusive. It being understood that the said Cheshire Grange will leave the grounds in a clean and orderly condition as when taken without any expense to the City.

Passed June 1, 1922.

Keene, N. H., June 12, 1922.

To the City Councils:

The undersigned desires to give to the city, in trust, however, a United States Bond, Third Liberty Loan, No. 165319, Par value $100.00, as the Mrs. Henry E. Wright Cemetery fund, the income only to be used in the care of the Henry E. Wright Lot in Woodland cemetery and numbered 1033 on the plan of said cemetery.

I will deliver said bond whenever I am assured that the city gives its consent to the trust.

MARY L. WRIGHT.

A JOINT RESOLUTION relating to the Mrs. Henry E. Wright Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city of Keene, by its councils, hereby accepts the Mrs. Henry E. Wright cemetery fund of one hundred dollars in the form of a Third Liberty Loan Bond of the United States, in trust, however, the income only to be used to care for the Henry E. Wright lot in Woodland cemetery, numbered 1033. That the city clerk shall receipt for said fund, which shall be placed in the custody of the Trustees of Trust Funds according to law.

Passed June 15, 1922.

A JOINT RESOLUTION relating to a Temporary Loan.

Resolved by the City Councils of the City of Keene, as follows:

That for the purpose of paying such claims against the city of Keene as may fall due during the current municipal year, the joint standing committee on finance and the city treasurer of said city be and hereby are authorized and empowered to make such temporary loans, from time to time, for the use of said city of sums not exceeding in the aggregate amount Fifty Thousand Dollars; said loans being in anticipation of the taxes of the present year and hereby expressly made payable therefrom; said treasurer giving for said loans the notes of said city, bearing interest and signed by said treasurer and the mayor of said city of Keene and payable within one year from their respective dates; and be it further resolved that the above resolution shall take effect upon its passage.

Passed June 15, 1922.

A JOINT RESOLUTION relating to raising money by taxation.

Resolved by the City Councils of the City of Keene, as follows:

That in addition to the sum heretofore voted to be raised by taxation the present year, the further sum of Ten Thousand Dollars be raised the current term and that the same be certified to the assessors.

Passed June 15, 1922.

A JOINT RESOLUTION relating to appropriations.

Resolved by the City Councils of the City of Keene, as follows:

That the sum of twelve hundred dollars be and hereby

is appropriated for the aid of city dependents and the sum of two hundred dollars for aid to dependent soldiers and their families.

Passed June 15, 1922.

A JOINT RESOLUTION relating to the Free Use of City Hall.

Resolved by the City Councils of the City of Keene, as follows:

That the standing commmittee on city hall be and it is hereby instructed to grant the free use of city hall to the Society for Protection of New Hampshire Forests on the twenty-ninth day of August next.

Passed June 15, 1922.

A JOINT RESOLUTION relating to Adjournment.

Resolved by the City Councils of the City of Keene, as follows:

That when these bodies adjourn, it be to meet on the first Thursday of September, 1922, at 7.30 o'clock, in the evening unless otherwise ordered by the mayor.

Passed June 15, 1922.

A JOINT RESOLUTION relating to the discontinuance of a part of Martin Street.

Resolved by the City Councils of the City of Keene, as follows:

That a part of Martin Street, beginning at a point in the centre line of said street and 750 feet from the south line of Marlboro Street, said point being about 40 feet south of the south line of the house occupied by George Loranger, thence extending southerly in said Martin Street 592 feet to a stone

bound at the southerly terminus of said Martin Street, be and hereby is discontinued.

Passed Sept. 21, 1922.

Keene, N. H., July 21, 1922.

To the City Councils of the City of Keene:

I have received from Elwyn E. Gilbert a check for two hundred dollars ($200.00) with the request that I petition the City Councils to accept the same as a trust fund, the interest only, to be used in the care and repair of his burial lot, No. 500 in the N. E. Div. of Woodland Cemetery. I am ready to deposit said check with whoever is authorized to receive it, upon the acceptance of the trust.

LAURA E. MASON, Superintendent.

A JOINT RESOLUTION relating to the Elwyn E. Gilbert Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city of Keene, by its councils, hereby accepts the Elwyn E. Gilbert Cemetery Fund of Two Hundred Dollars, in trust, however, the income only to be used in the care of Lot No. 500 in the N. E. Div. of Woodland Cemetery. That the city clerk shall receipt for said fund, whch be invested by the Trustees of Trust Funds according to law.

Passed Sept 21, 1922.

Keene, N. H., August 1, 1922.

Hon. Board of Mayor and Aldermen:

The Invalids' Home, Inc., of Keene, N. H., desires to give two hundred dollars $200.00) to the City of Keene as a fund,

the income from same to be used for the care of the Cook- Harrington lot in the Washington Street Cemetery.

Yours truly,

W. L. MASON,

Treas. Invalids' Home, Inc.

A JOINT RESOLUTION relating to the Cook-Harrington Lot cemetery fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city of Keene, by its councils, hereby accepts the sum of two hundred dollars as a cemetery fund, in trust, however, the income only to be used in the care of the Cook-Harrington Lot in Washington Street Cemetery. That the city clerk receipt for said fund, which shall be invested by the Trustees of Trust Funds according to law.

Passed Sept. 21, 1922.

A JOINT RESOLUTION relating to electric lights.

Resolved by the City Councils of the City of Keene, as follows:

That electric lights be installed on Prospect Street and on Martin Street, in the discretion of the Joint standing committee on Street Lights.

Passed Sept. 21, 1922.

A JOINT RESOLUTION relating to Electric Lights.

Resolved by the City Councils of the City of Keene, as follows:

That one incandescent light be installed on Wilber Street; and one on Crescent Street, under the direction of the joint standing committee on Street Lights.

Passed Sept. 21, 1922.

A JOINT RESOLUTION relating to an additional appropriation for repairs on City Hall.

Resolved by the City Councils of the City of Keene, as follows:

That in addition to the sum already appropriated the further sum of $506.25 be and hereby is appropriated for repairing roof of city hall and incidental expenses of painting and refurnishing the auditorium.

Passed Sept. 21, 1922.

Keene, N. H., July 10th, 1922.

To the City Councils of Keene, New Hampshire:

The undersigned, Frank Phillips, of Keene, New Hampshire, desires to give to the city of Keene the sum of one hundred Dollars, the said sum to be held in trust and the income therefrom used for the care of the Charles Phillips burial lot, situated in Woodland Cemetery, in said Keene.

FRANK PHILLIPS,
Administrator of the estate of Calista Phillips.

A JOINT RESOLUTION relating to the Calista Phillips Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city of Keene, by its councils, hereby accepts the Calista Phillips Cemetery fund of one hundred dollars, in trust, however, the income only to be used in the care of the Charles Phillips burial lot in Woodland cemetery. The city clerk shall receipt for said fund, which shall be invested by the Trustees of Trust Funds, according to the provisions of the Laws of the State.

Passed Oct. 5, 1922.

Keene, N. H., Oct. 5, 1922.

To the City Councils:

The undersigned desires to give to the city of Keene, in trust, however, the sum of $100.00 to be called the Cyrus Piper Cemetery Fund, the income only to be used in the care of Lot No. 41 in Sect. 12, Woodland Cemetery. I am ready to pay over said fund on the acceptance of the same.

LOUIS A. PIPER.

A JOINT RESOLUTION relating to the Cyrus Piper Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the City of Keene, by its Councils, hereby accepts the Cyrus Piper Cemetery Fund of one hundred dollars, in trust, however, the income only to be used in the care of Lot No. 41 in Section 12, Woodland cemetery. The city clerk shall receipt for said fund, which shall be invested by the Trustees of Trust Funds according to law.

Passed Oct. 5, 1922.

In Board of Mayor and Aldermen,

October 5th, 1922.

ORDERED: Relating to a certain agreement covering pipe crossing privilege from the Boston & Maine Railroad and matters referred to the Mayor on Sept. 7, 1922, that the execution of said agreement by Mayor Cain be and hereby is ratified and confirmed.

A JOINT RESOLUTION relating to street lights.

Resolved by the City Councils of the City of Keene, as follows:

That in accordance with the recommendations of the joint

standing committee on street lights, incandescent lights be installed, in their discretion, as follows: on Eastern Avenue, not exceeding four lights, on Elm Street from culvert to No. 470 Court Street, not exceeding three lights, on Hooper Street, not exceeding one light, and at the corner of Blossom and West Streets, one light.
Passed Oct. 19, 1922.

A JOINT RESOLUTION relating to Annual City Reports.

Resolved by the City Councils of the City of Keene, as follows:

That the committee on printing be and it is hereby authorized and instructed to cause a sufficient number of annual reports to be printed, which shall contain a likeness of the mayor of Keene, the proceedings of the inauguration of the city government in January last, with the joint resolutions and ordinances that have been passed during the current term, the report of the finance committee, trustees of trust funds, city officers who are required to report, the report of Consulting Engineer Barrows on Keene Water Supply System, dated August 5, 1922, and such other matter as may hereafter be ordered by the board of mayor and aldermen; and that they shall be issued in such form and number as said committee may deem expedient; and that a sufficient number be bound in cloth for the use of city officers, and in leather for exchange.
Passed Oct. 19, 1922.

A JOINT RESOLUTION relating to purchase of city gravel bank.

Resolved by the City Councils of the City of Keene, as follows:

That a committee be appointed, by His Honor, The Mayor; to purchase the Harry Woodward Property on Lower Main

Street exclusive of the buildings and lot on which they stand.

Also that a sum not to exceed ($3300.00) be borrowed for this purpose.

Passed Oct. 19, 1922.

A JOINT RESOLUTION relating to Water Extension, Wood Street.

Resolved by the City Councils of the City of Keene, as follows:

That the water main be extended in Wood Street, with one and one-half inch and two-inch pipe, under the direction of the joint standing committee on water works, sewers and drains.

Passed Oct. 19, 1922.

State of New Hampshire

To the City of Keene:

As Administrator of the Estate of James H. Spencer, deceased, I have been authorized by the Probate Court to pay to the City of Keene a sum of One Hundred Dollars ($100) for the perpetual care of Burial Lot No. 5, Section 21, Woodland Cemetery in which Mr. Spencer is buried.

I am ready to pay this over when the same is accepted by the City.

FRED T. PEARSON,
Administrator of the Estate of James H. Spencer.

A JOINT RESOLUTION relating to the James H. Spencer Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city of Keene, by its councils, hereby accepts the James H. Spencer Cemetery Fund of one-hundred dollars, in

trust, however, the income only to be used in care of Lot No. 5, Sect. 21, Woodland Cemetery. The city clerk shall receipt for said fund, which shall be invested by the Trustees of Trust Funds according to law.
Passed Nov. 16, 1922.

Keene, N. H., Oct. 24, 1922.

To the City Council:

The undersigned desires to give to the City of Keene in trust, however, the sum of One Hundred Dollars, to be known as the Daniel Webster Barker Cemetery fund, the income only to be used in the care of Lot No. 111 in West Keene Cemetery.

ELIZABETH BARKER SMYTH.

A JOINT RESOLUTION relating to the Daniel Webster Barker Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city of Keene, by its councils hereby accepts the Daniel Webster Barker Cemetery Fund of One Hundred Dollars, in trust, however, the income only to be used in the care of Lot No. 111 in West Cemetery. The city clerk shall receipt for said fund, which shall be invested by the Trustees of Trust Funds according to law.
Passed Nov. 16, 1922.

A JOINT RESOLUTION relating to the Distribution of income on certain Trust Funds.

Resolved by the City Councils of the City of Keene, as follows:

That the income derived from the Minister fund, $149.36, be divided among resident clergymen, settled over parishes in Keene; that the income from the Hall Charitable fund,

$77.90, be divided among worthy women; and the income of the Simmons, Eastburn, Morse and Drummer funds, $178.98, be divided among aged and infirm persons of Keene, as designated by the board of mayor and aldermen, in accordance with the provisions of the respective bequests.

Passed Nov. 16, 1922.

A JOINT RESOLUTION relating to Purchase of Land.

Resolved by the City Councils of the City of Keene, as follows:

That the Mayor and committee on Water Works, Sewers and Drains be and hereby are authorized to purchase, on behalf of the City of Keene, the Rolfe lot in Nelson, comprising 38 acres, more or less, and that the sum of $504.43 be appropriated to be added to the balance of money from purchase and sale of lands the present term, for said purpose.

Passed Nov. 16, 1922.

Keene, N. H., Nov. 14, 1922.

To the Honorable Mayor and City Councils for the City of Keene:

Dear Sirs:

Martha C. Howes by her last will and testament bequeathed in trust to said City of Keene the sum of One Hundred (100) Dollars to care for her burial lot, No. 16, in the eighth section, in Woodland Cemetery.

On notification of the acceptance of the same, I beg to say that I am ready to pay over to you the sum of One Hundred (100) Dollars, under the conditions of her will.

Very truly yours,

WARREN C. HOWES,

Executor of the Will of Martha C. Howes.

A JOINT RESOLUTION relating to the Martha C. Howes Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city of Keene, by its councils, hereby accepts the Martha C. Howes cemetery fund of one hundred dollars, in trust, however, the income only to be used in the care of Lot No. 16, Sect. 8, Woodland Cemetery. The city clerk shall receipt for said fund, which shall be invested by the Trustees of Trust Funds according to law.

Passed Nov. 16, 1922.

Keene, N. H., Nov. 9, 1922.

To the City Councils:

The undersigned desires to give to the City of Keene, in trust, however, the sum of one-hundred dollars to be known as the Leon E. Wardwell Cemetery fund, the income only to be used in the care of Lot No. 8, Sect. 3, Woodland Cemetery.

LEON E. WARDWELL,
By H. O. Wardwell, Agent.

A JOINT RESOLUTION relating to the Leon E. Wardwell Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city councils of the city of Keene, hereby accepts for the said city, the sum of one hundred dollars, in trust, however, to be known as the Leon E. Wardwell Cemetery Fund, the income only to be used in the care of Lot No. 8, Sect. 3, Woodland Cemetery. The City Clerk shall receipt for said fund, which shall be invested by the Trustees of Trust Funds, according to law.

Passed Nov. 16, 1922.

Keene, N. H., Nov. 9, 1922.

To the City Councils:

The undersigned desires to give to the City of Keene, in trust, however, the sum of one hundred dollars to be known as the Olin N. Wardwell Cemetery fund, the income only to be used in the care of Lot No. 75 Sect. 4. Woodland cemetery.

HATTIE B. COLLER,
By H. O. Wardwell, Agent.

A JOINT RESOLUTION relating to the Olin N. Wardwell Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the city of Keene, by its councils, hereby accepts the Olin N. Wardwell cemetery fund of one hundred dollars, in trust, however, the income only to be used in the care of lot No. 75. Sect. 4, Woodland Cemetery. The City Clerk shall receipt for said fund, which shall be invested by the Trustees of Trust Funds, according to law.

Passed Nov. 16, 1922.

A JOINT RESOLUTION relating to Additional Appropriations.

Resolved by the City Councils of the City of Keene, as follows:

That in addition to the several sums heretofore appropriated, the following named sums be and hereby are appropriated from any money in the treasury, not otherwise appropriated, for the payment of current expenses of the department as specified:

REPORT OF TRUSTEES OF TRUST FUNDS

December 1, 1922.

To the Auditor of the City of Keene:

The Board of Trustees of Trust Funds submit the following report of their receipts and expenditures for the year ending December 1, 1922.

A detailed statement of the securities held by them on December 1, 1922, and the particular trust to which they belong, appears on other pages of this report.

Respectfully submitted:

WALTER R. PORTER,
WALLACE L. MASON,
JEROME E. WRIGHT.

ESTIMATED EXPENSES FOR 1923.

To the City Councils:

The joint standing committee on finance presents the following estimates of the amounts necessary to be raised the ensuing year, and respectfully recommends that the sum of $135,000.00 be raised by taxation.

Ordinary city charges,	$14,000 00
Treatment with oil and tar,	10,000 00
Cement concrete sidewalks,	5,000 00
Cement concrete bridges,	6,000 00
Patrol system of maintenance, highways,	8,000 00
Permanent improvement of highways,	15,000 00
General maintenance of highways,	30,000 00
Forestry work, care of trees,	2,500 00
Fire department,	14,500 00
Police department,	11,000 00
Police court expenses,	1,150 00
Electric street lights,	14,500 00
Public library books,	800 00
Public library expense,	7,500 00
City aid to soldiers and their families,	200 00
Memorial Day exercises,	200 00
Public parks,	200 00
Public play grounds,	800 00
Fourth of July observances,	300 00
Payment of highway construction bonds, loan of 1914,	3,000 00
Payment of interest on loan of 1914,	120 00
Payment of highway construction bonds, loan of 1915,	3,000 00
Payment of interest on loan of 1915,	240 00

Payment of refunding bonds, loan of 1916,	5,000 00
Interest on loan of 1916,	1,400 00
Incinerator,	1,500 00
Coolidge annuity,	800 00
Memorial bonds, loan of 1921,	5,000 00
Interest on memorial bonds, loan of 1921,	225 00
Payment of bridge bonds, loan of 1921,	5,000 00
Interest on bridge bonds, loan of 1921,	675 00
Loan of 1922, payment on same,	2,500 00
Interest on loan of 1922,	956 25
Interest on Keene cemetery notes,	108 32
Aid to Elliot Community Hospital,	2,000 00
Aid to Keene District or Visiting Nurse Association,	1,200 00
Payment of cemetery note, No. 7,	1,000 00
Memorial annuity,	450 00
Sealer of weights and measures,	300 00
Free public band concerts,	800 00
City paupers,	3,000 00
Ballot inspectors,	60 00
Health department,	3,000 00
New drains,	2,000 00
Drain department,	1,500 00
Cemetery department,	1,500 00
Clean up week,	1,000 00
	$187,784 57

REPORT ON
KEENE WATER SUPPLY SYSTEM

BY

H. K. BARROWS
CONSULTING ENGINEER

August 5, 1922.

Col. Paul F. Babbidge, Supt.
Water and Sewer Department,
Keene, N. H.

Dear Sir:—

PURPOSE OF REPORT

The purpose of this report is to review the present water supply system of the City of Keene, particularly from the point of view of adequate fire protection, and advise in regard to its improvement.

As a basis for this report I have used the plan of the pipe system as made by the National Board of Fire Underwriters dated June, 1918, supplemented by data supplied by you and from the Annual Reports of your Department, including data obtained in the test of August, 1914. A further test on June 8, 1922, for the particular purpose of determining the capacity of the principal supply mains was also made under my direction, and I have also personally examined all of the features of the supply system with the exception of Echo Lake and the Quarry Dam.

DESCRIPTION OF WATER SUPPLY SYSTEM

(See Fig. 1 accompanying this report).

The original water supply for the city came from Sylvan Lake (or Goose Pond), lying northerly from the city, in 1868. In 1886 the first development of Roaring Brook supply occurred with the construction of the Quarry Dam at El. 1017, supplying the city by an 8-inch pipe main running westerly into Roxbury Street. In 1902 the Stone Dam, so called, at El. 738, was constructed on Roaring Brook, with a 12-inch supply main entering the city through South Keene. Echo Lake, the means for storage of water on Roaring Brook, located at El. 1323, had a new dam built in 1910, affording a storage capacity of about 150 acres, with an average depth of 9 feet.

The 8-inch pipe from the Quarry Dam runs directly over Beech Hill, reaching an elevation at this hill of about 865 ft., which limits the flow through this pipe to about 370 gallons per minute under present conditions. Water from the Stone Dam (as well as from the Quarry Dam) under normal conditions of pressure in the city flows through the system and into Sylvan Lake, wasting out of the latter.

WATER SUPPLY REQUIREMENTS

The population of the city by the census of 1920 was 11,-210. The average consumption of water for the year 1921 was about 1.03 million gallons per day, or about 91 gallons per capita per day.

The population in 1910 was 10,068, an increase in the 10-year period (1910-20) of 1142. In estimates of pipe requirements it appears to be desirable to allow for a population of about 14,000 and an average water consumption of about 1,250,000 gallons per day, of 875 gallons per minute.

For fire demand it is assumed that 12 fire streams of 250 gallons per minute each, of 3,000 gallons per minute, will be

required at any one district in the manufacturing area, or say, a total of about 3,500 gallons per minute in any given manufacturing district other than in the vicinity of Central Square. In the vicinity of the latter a total maximum demand of 4,200 gallons per minute has been assumed. In the residential districts where well built up, a maximum demand of 1,200 gallons per minute has been assumed, and in the case of detached dwelling 700 gallons per minute.

The pressure as shown on the gage at the Water Works office varies from about 80 lbs. per square inch during the night to about 67 lbs. per square inch during the forenoon. This is suitable pressure for the ordinary use of water, the problem being to maintain an adequate pressure under large use of water for fire purposes.

As a basis for the studies that have been made it has been assumed that a pressure of not less than 60 lbs. per square inch should be maintained in Central Square during a large fire which means a minimum pressure of about 54 lbs. per square inch at the Water Works office.

CAPACITY OF SOURCES OF SUPPLY

(See Fig. 1)

The drainage area tributary to Sylvan Lake is a little over 2 sq. miles and there is available in the lake a storage capacity of about 53 acres 10 ft. deep, or approximately 170 million gallons. The safe or dependable yield of this source of supply, taking into account the conditions of rainfall, the character of the drainage area and the amount of storage, is about 1.3 million gallons per day.

Roaring Brook has the following drainage area:

At the Outlet of Echo Lake	1.9 sq. miles.
At the Quarry Dam	4.9 sq. miles.
At the Stone Dam	6.0 sq. miles.

Echo Lake now affords a depth of storage of about 9 ft. on 150 acres, or some 440 million gallons. There is only a small amount of storage at the Quarry and Stone Dams—about 2 mill. gals. at the latter. The safe or dependable yield of the Roaring Brook site at the Stone Dam is estimated at about 3.5 million gallons per day, or about three times the average use of water by the city for some years to come.

There is, therefore, an ample supply of water, and it is of excellent quality, although eventually it will be desirable to check some of the waste of water from the pipe system into Sylvan Lake which now exists continually.

PRESENT PIPE MAINS TO THE CITY.

The present pipe mains to the city (see Fig. 1) are as follows:

(1) A 12-inch Pipe from Sylvan Lake to Central Square coming in through Court Street. This consists of 12-inch pipe with the exception of short lengths of 14-inch and 16-inch pipes near the lake. Of this total length of about 16,000 ft. some 7,000 ft. is cement lined pipe, this being the portion toward the lake.

As previously noted, the flow in this pipe under normal conditions of pressure at Central Square is out of the pipe system and into Sylvan Lake. When the pressure in Central Square drops to about 67 lbs. (61 lbs. at the Water Works office) there is no flow either way in this pipe. If the pressure is still further reduced, the flow begins toward the city and increases in amount as the pressure in Central Square is diminished. During the nighttime, with pressure in the Water Works office at about 80 lbs., the flow into Sylvan Lake probably reaches 700 gallons per minute. During the forenoon, commonly with a pressure of 67 lbs. at the Water Works office, the flow into Sylvann Lake is perhaps 400 gallons per minute. With 61 lbs. pressure at the Water Works office there

would be no flow either way, and with a pressure of 60 lbs. in Central Square which would mean about 54 lbs. at the Water Works office, the flow out of Sylvan Lake and into the pipe system is about 400 gallons per minute.

(2) 8-inch Pipe to the Quarry Dam. This pipe has a total length of 15,300 ft. between the Quarry Dam and the Octagon Reservoir. As previously noted, the capacity of the pipe is very much cut down by its location over Beech Hill and it discharges substantially a constant amount of water into the pipe system, which measured about 370 gallons per minute in the test of June, 1922.

(3) 12-inch Pipe to the Stone Dam. This is a 12-inch pipe to the junction of Marlboro Street and Eastern Avenue, including also a parallel length of 8-inch pipe for some 2800 ft. southerly from this junction point. The efficiency of this 12-inch pipe from the Stone Dam is materially lessened by the fact that in the stretch of Marlboro Street between Eastern Avenue and Main Street (a distance of 5000 ft.) the pipe is only 6 inches in size, with the exception of a short length of 8-inch pipe. The distance from the Stone Dam to the corner of Marlboro Street and Eastern Avenue is about 15,000 ft., from the latter point to Central Square via Marlboro and Main streets is about 6,600 ft.

CAPACITY TESTS OF JUNE, 1922

To determine the carrying capacity of the three present supply pipes, a test was made on June 8, 1922, by opening hydrants at Central Square and discharging large quantities of water through from two to eight 50-ft. lengths of open hose, at the same time measuring the flow in these three pipe lines by pitometers, as well as the pressure, and consequently the loss of head in these lines while water was flowing.

The detailed results of this test are appended to this report. A summary of the principal results is as follows:

Pipe Capacity Tests of June 8, 1922—Summary of Results

Time June 8, 1822	Pressure in pipe No. per. sq. in.	Loss of head in pipe		Friction Coefficient f		Flow Gals. per min.	Relative Discharging Capacity to that of new pipe
		Total Feet	Ft. per. 1000	As Observed	For new pipe		
12″ Pipe to Stone Dam

At point about 1200 feet East of Beech Hill and 12,000 feet from Quarry Dam							
12.15 to 1.34 P. M. (mean of) (7 observations)	27	155	12.9	.098	.025	374	0.50

NOTE—Friction coefficient, f, used above is in formula $hf = \frac{fl}{d} \frac{v2}{2g}$

As will be noted from the foregoing table, the 12-inch pipe to the Stone Dam shows a carrying capacity only a little over two-thirds of what it would be with the pipe in fairly new and good condition. The 12-inch pipe from Sylvan Lake is reduced perhaps 20 per cent in carrying capacity over a new pipe and the 8-inch pipe from the Quarry Dam has a capacity of about one-half of what it should be with a new pipe.

These results are not unexpected when we take into account the fact that the 8-inch pipe to the Quarry Dam has been laid some 36 years and the 12-inch pipe to the Stone Dam about 20 years. The 12-inch pipe to Sylvan Lake is much older than either of the others, but as more than half of it is cement pipe, which does not tuberculate in the same manner as the cast iron pipe, its capacity is not so badly reduced. It is possible that obstructions may exist in the 8-inch pipe to the Quarry Dam in the valley east of Beech Hill or elsewhere. No such obstructions exist in the 12-inch pipe to the Stone Dam was proved in the test by taking additional pressure readings near the brook crossing, about 6,100 ft. from the dam. These showed substantially the same loss of head per 1000 ft. in either portion of this pipe line, thus indicating a general deterioration in capacity, due probably to tuberculation, rather than any concentrated loss due to obstructions.

The total water supplied to the city from these three pipe mains, based on the results of the test of June 8, 1922, when the pressure in Central Square was 60 lbs., would be about 1500 gallons per minute or not much over one-third of the necessary amount in case of a large fire. (At 50 lbs. pressure in Central Square the available supply would be about 2000 gallons per minute.) It is obvious, therefore, that either the capacity of these pipe mains must be increased to give adequate fire protection or a supply of water must be provided in a distribution reservoir close at hand in the city, to be used in case of a large fire.

DISTRIBUTION RESERVOIRS

Beech Hill Reservoir (see sheet No. 1027.1), at El. 597 ft., was constructed in 1872 to provide additional supply in case of fire, this being controlled by a check valve which operates when the pressure in the city is in the vicinity of 47 lbs. in Central Square. This reservoir contains about 13 million gallons and affords an excellent means of preventing the pressure falling below 40 lbs. or so in Central Square. It is useless, however, in attempting to maintain a pressure of 60 lbs. and may be said to constitute simply a large reserve supply available for pumping engines in case of a very protracted fire.

The Octagon Reservoir, at El. 640 ft., was built with the idea of having a more adequate fire pressure. It is true octagon in plan with longest dimension about 132 ft., is constructed with nearly vertical stone masonry walls averaging about 15 ft. high, on a foundation mostly seamy ledge and partly earth. Owing to excessive leakage, the reservoir has never been practicable for use. While the capacity of this reservoir, viz. about a million gallons, is not as large as desirable for a fire reserve, it would afford, along with the other sources of water supply, sufficient water to provide for a fire of six hours anyway, at the maximum rate and its repair and possible use are therefore worthy of serious consideration.

An examination made recently indicates that the principal source of leakage is probably through the seamy ledge of the bottom, although the side walls also require a careful and thorough tightening. It would be possible to make this reservoir substantially tight by (a) removing loose rock, etc., from the bottom, filling any holes with concrete and covering the bottom with a layer of "gunite," as it is called. This is simply a rich cement mortar forced under pressure into place by the cement gun so as to make an impervious layer about 2½

inches thick on the bottom of the reservoir in which there would be a steel fabric. (b) The sides of the reservoir should be thoroughly cleaned, any loose material removed and a 2½ inch layer of "gunite" placed on steel fabric, so as to firmly cover the walls.

A suitable gate house, with pipe connections so that this reservoir can be filled from the 8-inch Roxbury Street main (or by water from the Stone Dam) should be constructed, and the 16-inch outlet pipe arranged with a distant control valve operated electrically from the water works office. This can be constructed with suitable wiring from the office so that on a switchboard panel indicating colored lamps would show at all times whether the gate at the reservoir was shut, open, or partly open. The idea would be to keep this gate normally shut and the reservoir completely filled, and only open the gate in case of a fire when the pressure drops below, say 55 to 60 lbs. at the water works office. At all other times the gate would be kept closed to avoid the entrance of water or discharge of water from the reservoir, as pressure in the pipe system varied. The reservoir would be thus kept filled with water, except as necessary occasionally to draw the water off through a waste pipe and refill it to keep it of suitable quality.

In order to more accurately estimate the cost of repairing this reservoir, I asked Mr. Willis Leriche, President of the Traylor-Dewey Contracting Co., specialists in cement gun work, to examine it and make a definite proposal covering the treatment of bottom and sides. He made this examination in company with me on July 26th and has submitted a proposal in detail, dated Aug. 1, 1922, a copy of which accompanies this report. His price for the 2½ inch "gunite" lining is 55c per sq. ft. The work of cleaning and preparing the bottom of the reservoir (as well as any work in connection with the gate house) will be done at cost.

My estimate of cost for the entire work necessary to repair the Octagon Reservoir, build gate house, etc., is as follows:

2½ in. layer of "gunite" on bottom and side walls, 18,600 sq. ft., at $0.55,	$10,200
Clearing and preparing bottom,	1,500
Gate house, screens, etc.,	2,500
Distant control valve, wiring, etc.,	1,800
Total,	$16,000

NEW RESERVOIR

Another solution of the reservoir problem would be to build a new reservoir, making this of adequate capacity (say about 3 million gallons) and placing it at a little higher elevation to save in cost of pipes to the city. A preliminary examination of the conditions on the ground indicates that a fairly good site for such a reservoir can be found on the northerly side of the road some 600 or 700 ft. easterly from the Octagon Reservoir, where an elevation in the vicinity of 670 can probably be obtained. Such a reservoir with a capacity of 3 million gallons would have to be about 190 ft. square at the water level and 15 ft. deep. It would be formed by excavation of perhaps 9 or 10 ft. into the ground, using this excavated material for embankments. It would be square in plan and the bottom and side slopes (the latter 2 or 2½ horizontal to 1 vertical) would be lined with 6 inches of concrete with a steel fabric reinforcement with suitable expansion joints.

Such a reservoir, with gate house, distant control valve, etc., would cost about $45,000.

Conditions at the so called Fairfield lot, above the Octagon Reservoir, are apparently not as favorable for a lined reservoir as at the site noted above.

METHODS OF OBTAINING ADEQUATE PRESSURE AND SUPPLY

It is evident that there are several different ways in which the problem of providing an adequate amount of water at 60 lbs. pressure in Central Square, to handle large fires, can be solved and certain of these methods will now be discussed. First of all, it must be assumed in all cases that the 6-inch pipe in Marlboro Street between Main Street and Eastern Avenue will be replaced by a 12-inch pipe (or larger, as noted in certain cases).

(A) **Repair Octagon Reservoir and provide suitable pipe connection therefrom to the city.**

The method and cost of repairing the Octagon Reservoir have already been explained. To bring water from this reservoir to the center of the city, a 16-inch pipe would be required in Water Street, as shown on plan No. 1027.1. The cost of this method would be as follows:

Repairs to Octagon Reservoir,	$16,000
Laying 5,400 ft. of 16-inch pipe in Water Street,	17,500
Laying 5,000 ft. of 12-inch pipe in Marlboro Street,	11,000
Total,	$44,500
	Say $45,000

(B) **Construct a New Distribution Reservoir at about Elevation 670**

Details of this reservoir and its cost have already been stated. There would be required a 16-inch pipe between the new reservoir and Water Street and a 12-inch pipe in Water Street. The cost of this method would be as follows:

New reservoir,	$45,000
650 ft. of 16-inch pipe between New Reservoir and Water St.,	2,000

5,400 ft. of 12-inch pipe in Water St.,	12,000
5,000 ft. of 12-inch pipe in Marlboro St.,	11,000
Total,	$70,000

(C) **New Main to Stone Dam.**

It is obvious that in lieu of a distribution reservoir an adequate supply of water at 60 lbs. pressure in Central Square can be obtained by constructing a larger pipe main (a 16-inch pipe would be required) from the Stone Dam through Marlboro Street to Main Street; also utilizing the present 12-inch main to its full extent.

The cost of this method would be as follows:

15,000 ft. of 16-inch pipe from the Stone Dam to Marlboro St. at Eastern Ave.,	$49,000
5,000 ft. of 16-inch pipe in Marlboro St. between Eastern Ave. and Main St.,	16,500
Total,	$65,500

(D) Another possible combination of methods is to repair the Octagon Reservoir, utilize simply the present pipes to the city in Roxbury Street, etc., and construct such additional main (a 14-inch) as is required under these conditions between the Stone Dam and the city.

The estimated cost of this method is as follows:

Repairing Octagon Reservoir,	$16,000.
15,000 ft. of 14-inch pipe from the Stone Dam to Marlboro St. at Eastern Ave.,	40,500.
5,000 ft. of 14-inch pipe in Marlboro St. between Eastern Ave. and Main St.,	13,500.
Total,	$70,000.

(E) A slight modification of method D would consist in laying a new 12-inch pipe from the Octagon Reservoir and

making the line from the Stone Dam all 12-inch pipe to Main St. This is really a combination of A and C slightly modified. This is estimated as follows:

Repairing Octagon Reservoir,	$16,000.
20,000 ft. of 12-inch pipe from the Stone Dam to Main St.,	44,000.
5,400 ft. of 12-inch pipe in Water St.,	12,000
Total,	$72,000.

SUMMARY AND COMPARISON OF METHODS

In the foregoing estimates the cost of cast iron pipe has been taken at $40. per ton, (although at present it costs $50. per ton) assuming that laying pipe would in general be deferred until it could be obtained at substantially this figure.

As this is one of the principal cost items (particularly with methods C and D) and any considerable delay in waiting for cheaper pipe affects the comparison of methods, in the following summary I have also given costs with pipe at $50. per ton as at present:

SUMMARY OF COSTS—METHODS OF OBTAINING ADEQUATE PRESSURE AND SUPPLY.

Method	Cost	
	Pipe @ $40.00 per ton	Pipe @ $50.00 per ton
A. Repair Octagon Res. and make new connections,	$45,000	$50,000
B. New Reservoir and connections,	70,000	75,000
C. New Main to Stone Dam,	65,500	79,000
D. Repair Octagon Res. and new main to Stone Dam,	70,000	81,000
E. Combination of A and C modified,	72,000	83,000

In respect to cost Method A—repairing the Octagon Reservoir, etc., is some $20,000. less than any other method, although it does not of course give quite the degree of fire protection as methods B, C or D, owing to the somewhat limited storage capacity of the Octagon Reservoir. For the other methods there is little difference in cost, although Method C—a new pipe main to the Stone Dam, is apparently most economical, if deferred until pipe costs are suitable, and it has the advantage of greater simplicity, although the present storage capacity at the Stone Dam would be but about two thirds of that proposed for the New Reservoir (Method B). This slight deficiency in storage at the Stone Dam could easily be remedied, however, at slight cost, thus making methods B and C fairly comparable.

The advantages of Method A—repairing the Octagon Reservoir, etc., beside that of economy, are that it provides a fire reserve close at hand, and the proposed 16-inch main in Water St. would, in addition to carrying water to the heart of the city, run directly through an important manufacturing district.

Its disadvantages are lack of storage capacity for a protracted fire (more or less compensated for by Beech Hill Reservoir, but with considerably less available pressure); its use must be subject to operating of a gate valve either by hand or better, by distant control; it will require some maintenance, particularly emptying and cleaning occasionally.

Method B—a new reservoir will cost about $25,000. more than A, but will give sufficient reserve storage for a protracted fire. In other respects it is the same as A. The cost of a new reservoir is somewhat more uncertain than that of the items making up the other schemes and it is possible that construction difficulties might increase the cost of Method B.

Method C—a new main to the Stone Dam will cost a little less than B, will provide an ample fire reserve available by

simply drawing upon it—although at some distance from the city. This latter circumstance would not mean any less pressure than that in schemes A or B, as the proposed size of pipe line to the city is large enough to keep the pressure up to 60 pounds in Central Square, even with the maximum assumed fire use of Water. There would be a longer pipe line, however, and therefore slightly more chance of interruption in its use.

The cost of a new 10-inch pipe in Water Street below Eastern Ave. (about $6,000.) should really also be included in Method C, in cost comparisons, as an adequate pipe size in Water Street is provided by A and B.

Method D is about the same in cost as B (on the basis of suitable pipe costs) and aside from cost, combines the advantages of A or B and C, as well as avoiding their disadvantages.

As estimated above this includes a 14-inch pipe all the way from Main Street to the Stone Dam and the repair of the Octagon Reservoir, but with no new pipe main from the latter to the city.

Method E is like D except that it includes a 12-inch pipe from the Octagon Reservoir through Water Street, thus permitting a 12-inch pipe instead of 14-inch pipe to the Stone Dam. This method when wholly carried out will give practically all the advantages of Methods A, B or C and it has the advantage of permitting an immediate large increase in water for fire purposes at moderate expenditure, so that much of the pipe work can be deferred until pipe cost lessens, thus enabling a material saving.

Thus:

(1) Repairing the Octagon Reservoir at a cost of about $16,000. (and also replacing the 6-inch pipe in Marlboro St. with 12-inch pipe at a cost of $11,000. as soon as pipe can be obtained at $40. per ton) will raise the present available discharge, under 60 lbs. pressure at Central Sq., of 15000 gals. per minute to 2600 gals. per minute, or to

about 62 per cent of the maximum assumed requirement of 4,200 gals. per minute.

(2) In addition to (1) laying a 12-inch pipe in Water St. at a cost of $12,000. (pipe at $40. per ton) will increase the available discharge from 2600 gals. per minute to 3400 gals. per minute, or to over 80 per cent of the maximum assumed requirement of 4200 gals. per minute.

(3) The remaining 15,000 ft. of 12-inch pipe to the Stone Dam would cost $33,000. with pipe at $40. per ton. Its laying could be deferred, awaiting lower pipe and labor costs, and a substantial saving effected, making the actual cost of Method E less than B or D, and probably about the same as C. Method E will also provide for about 4400 gals. per minute at Central Square instead of 4200 gals. per minute by methods A to D.

METHOD RECOMMENDED

Method A is economical, giving fairly good results at low cost, but perhaps not quite a permanent solution of the problem, although adequate for some time to come.

The cost of all the other methods will be $20,000. to $25,000. more than for A but they all provide a permanent solution. Method E, if carried out in the manner suggested, will give results more quickly and should not cost over $65,000., combines the advantages of the other methods and would give a more elastic and dependable supply than any of the other methods and slightly larger in amount as well. It is therefore distinctly preferable and is recommended.

CLEANING PIPE LINES

The 12-inch pipe to the Stone Dam, as already explained, is apparently more or less tuberculated, as it shows a discharging capacity about 2-3 of that when new. This could

be cleaned and increased in capacity for a time anyway, (adding about 250 gals. per minute). To ascertain more definitely, I have obtained a price for cleaning the 15,000 ft. of 12-inch pipe, from the National Water Main Cleaning Co. of New York, who quote about 27c per foot, or some $4000. for the whole job. I do not advise such an expenditure at present, however, as I question how long the effect of cleaning would last.

It is probably desirable to examine the 8-inch pipe to the Quarry Dam for possible obstructions, as already explained, but a complete cleaning is probably not worth while.

PRESSURE REGULATION

Methods C, D or E, if carried out, would somewhat increase the amount of water wasted into Sylvan Lake through the pipe system and also slightly increase the ordinary pressure in the system. It will become necessary in any event (and with any of the schemes) as the use of water increases, to put a check valve on the Sylvan Lake supply main to prevent this waste of water, although the time when this becomes necessary would be hastened if scheme C, D or E is carried out. Such a check valve would increase ordinary pressures probably 10 or 15 lbs. per square inch under present conditions, and with a large pipe main to the Stone Dam this pressure increase might be 25 lbs. or more, resulting in pressures in Central Square at times exceeding 100 lbs. (Note that the maximum possible static pressure in Central Square due to water at the Stone Dam is about 110 lbs.)

If an increase of ordinary pressure of 20 or 25 lbs. is not desirable, it would be necessary whenever the check valve is placed on the Sylvan Lake main, to put a pressure regulating valve on a by-pass in the 12-inch pipe in Marlboro Street (say just beyond Eastern Ave.), adjusting this to the desired pressure and providing on the main pipe at this point a distant

control valve normally kept closed, but to be operated at the water works office, in case of fire, when pressure falls below 55 to 60 lbs.

On the whole, it seems preferable to make services and pipe mains adequate for the greater pressure, as the regulating and distant control valves are not as positive in action and there is a decided advantage in having a supply available for all purposes without having to open any valves. Any necessary changes in services or mains to accommodate the greater pressure can be gradually made before the time that the check valve needs to be placed on the Sylvan Lake line, and this can also be arranged with a by-pass and pressure regulator to vary the pressure as well as the amount of water wasting, thus permitting a gradual adjustment to the new conditions.

While this increase in ordinary pressure is not needed in most parts of the city, certain areas, particularly on the higher areas in the eastern part, will benefit by it. Moreover, the maximum pressure of 100 lbs. or so is not excessive as compared with that in many cities and towns.

ADDITIONAL PIPE MAINS REQUIRED

The foregoing discussion has pertained chiefly to the mains for bringing water to the center of the city. To give adequate fire protection in different portions of the city, and particularly in manufacturing districts, a very considerable revision in pipe sizes is desirable. On plan No. 1027.1 accompanying this report I have indicated what appear to be some of the more important desirable changes of pipe sizes. Factors of importance in fixing these sizes are:

1st: To endeavor to obtain pipe circuits for the subareas of the city and avoid dead ends in pipe lines.

2nd: To increase certain cross-connecting mains as shown.

3rd: To avoid, in general, any pipe size less than 6 inches.

4th: To keep hydrant spacing in general not more than about 300 ft. To consistently follow out this requirement would take some 50 hydrants in addition to what are in use at present. The spacing of hydrants in the center of the city in the general vicinity of Central Square is now quite good and further requirements can no doubt be gradually met with from year to year.

Following is a summary of the additional pipe mains as shown on the plan, not including, of course, those mains to the city for which estimates have already been given and which are shown in yellow on plan No. 1027.1. It is not to be expected that these pipe sizes can be changed at once, but the work should be done as fast as opportunity and appropriations permit, and particularly when any new pipe is laid have it consistent in size with the plan, thus eventually building up the efficiency of the pipe system to the desired extent.

SUMMARY OF PIPE MAINS SUGGESTED.

Size inches	Length feet	Estimated Cost (Pipe @ $40 per ton)
6	10,400	$10,400
8	21,400	30,000
10	13,800	24,300
Total	45,600	$64,700

In addition to the above, 50 additional hydrants would cost, placed, about $3000. On the other hand, much of the pipe work suggested can await lower costs of both pipe and labor, so that in round numbers $60,000. will probably cover the eventual cost of pipe and hydrants.

CONCLUDING

In brief my recommendations are:

(1) Repair the Octagon Reservoir as described at a cost of about $16,000, doing this as soon as possible so as to complete the work this fall.

(2) As soon as pipe reaches a cost of about $40. per ton (possibly next season) lay the 12-inch pipe (a) in Marlboro St. to replace the 6-inch pipe (5000 ft. for about $11,000) and (b) from the Octagon Reservoir through Water St. (5400 ft. for about $12,000). Total cost of (1) and (2) about $39,000.

(3) With the above completed, check up results by test. According to my estimates this should provide about 3400 gals. per minute with a pressure of 60 lbs. in Central Square, or about 80 per cent of the desired amount for maximum fire use.

(4) Depending upon the results of this test and awaiting a suitable lowering of pipe and construction costs the new 12-inch main can be laid to the Stone Dam. It may be desirable to defer this for several years, particularly if (1) and (2) result in an available discharge greater than that estimated. The cost of this line ought not to exceed about $25,000, when laid, making a total cost of about $65,000. for reservoir and supply mains.

(5) When costs have become lowered somewhat a systematic program of distribution pipe laying as shown on plan No. 1027.1 should begin, selecting the more important lines first. About $60,000. is the total required for new pipe and hydrants and a substantial allotment should be made each year until this work is completed.

(6) To carry out all the foregoing will require a total expenditure of about $125,000., but distributed over several

years. It will give a water supply system satisfactory at all times and capable of meeting fire requirements for many years to come.

(7) It will be necessary at some future time to place a check valve (and perhaps a by-pass pressure regulator) on the Sylvan Lake line to lessen waste of water into the lake. This will increase pressures perhaps 20 or 25 lbs. and should be kept in mind in new construction of services and main pipes.

(8) Acknowledgments are made for information and assistance rendered by you and your department, which have been of much value in making this investigation and report.

Respectfully submitted,

H. H. BARROWS,
Consulting Engineer.

Accompanied by:
Plans 1027.1 and 1027.2.
Proposal of Traylor-Dewey Contg. Co. dated Aug. 1, 1922, for repairing Octagon Reservoir—(in duplicate).

NOTE—Hydrant pressures in parenthesis ( ) are in error (too low) due to obstructions in gage connection. Beech Hill Reservoir shut off during entire test. Sewer flushing at corner of Baker and Congress Streets with two good open hose butt streams was going on during the test, except for about a half hour near 10 o'clock. This stopped at 12:15 P. M.

SUPERINTENDENT'S REPORT

To His Honor, the Mayor, and City Councils:

Gentlemen: I herewith submit the fifty-third annual report of the Water Department; the thirty-ninth annual report of the Sewer Department; the twenty-fifth annual report of the Drain Department and the eighth annual report of the Meter Department for the year ending December 1, 1922.

WATER DEPARTMENT.

SERVICE PIPES.

Reported December 1, 1921,	2,415
Additions to December 1, 1922,	28
Whole number December 1, 1922,	2,443

FINANCIAL

From assessments,	$31,678 65	
From labor and stock,	2,039 04	
From telephone tolls,	20 60	
From rent,	100 00	
		$33,838 29

PAID OUT.

For office, shop and general repairs,	$3,214 30
For extensions,	1,842 84
For reconstruction,	2,216 61

For yard,	72 50	
For stock,	3,594 63	
For meters,	3,257 42	
For sewers,	3,384 86	
For Ford dump cart No. 2,	926 40	
For Ford truck No. 1,	314 70	
For Reo truck,	448 18	
For garage,	160 00	
For services,	2,062 00	
For lakes and reservoirs,	720 40	
For hydrants and gates,	732 60	
For thawing services,	265 47	
For standpipes,	123 40	
For taxes,	1,028 34	
		$24,364 65
Balance to City Treasury,		9,473 64

NET EARNINGS.

1916	$488 91
1917	5,177 41
1918	10,436 55
1919	9,686 98
1920	6,335 54
1921	5,630 85
1922	9,473 64

Candidates fees,	39 00
Deposited in city treasury,	$5,418 25

Respectfully submitted,

FRANK H. WHITCOMB,

City Clerk

Dec. 1, 1922.

REPORT OF CITY MESSENGER.

To His Honor, the Mayor and the City Councils:

In accordance with the city ordinances, I submit my fifth annual report as City Messenger and Janitor of City Hall.

All moneys received for rental of City Hall by societies, organizations and individuals, have been deposited with City Treasurer and vouchers returned to the City Clerk.

Statement of each month's receipts as follows:

December, 1921,	$259 00	
January, 1922,	378 00	
February, 1922,	588 50	
March, 1922,	389 00	
April, 1922,	249 00	
May, 1922,	233 50	
June, 1922,	232 00	
July, 1922,	27 00	
August, 1922,	25 00	
September, 1922,	117 00	
October, 1922,	332 00	
November, 1922,	357 50	
Total		$3,187 50

The receipts for the rental of City Hall show a slight gain over the receipts of the year 1921.

The interior of the hall and the stage scenery have been renovated during the past year. The improvements are very

satisfactory with the exception of the hanging of the stage curtain which was very inefficiently done.

I wish to thank Mayor Cain and the City Committees for advice and courtesies extended to me this year.

Respectfully submitted,

CHARLES S. WRIGHT,

City Messenger.

REPORT OF SUPERINTENDENT OF HIGHWAYS.

To His Honor the Mayor and City Councils, Gentlemen:

I sumbit the following report for the year ending Dec 1, 1922.

PROPERTY USED BY THE DEPARTMENT

Office, workroom and yard in rear of City Hall.

Poor dept., drawing wood.	$364 00
Water, Sewer and Drain Dept.,	273 72
Play ground,	22 85
Cemetery Dept.,	10 12

SPRINKLING

Our motor truck and two horse drawn sprinklers have been in use this season costing for repairs of motor, insurance, and applying water, $2,765.05.

CARE OF TREES

The trees have been pruned and the dead trees removed on the streets most traveled at an expnse of $2,322.98. The expense of picking up dead and broken branches after each wind storm has been much less since the pruning.

The care of trees should be continued next year. It is economy to spend a few dollars on such trees as need attention each year rather than to allow some of our large and beautiful trees to decay and become a danger to the public.

It may cost $200 to remove one decayed tree besides being a real danger to those that pass under it. The trees in the park at Central Square should be fertilized every year to prolong their life.

MISCELLANEOUS

	$2,327 84

Paid for postage,	$10 00
Paid for street railway tickets,	2 20
Paid for telegrams,	70
Deposited with City Treasurer,	2,314 94
	$2,327 84

Five concrete bridges have been built by contract with Portland Construction Company. These bridges were designed by the Superintendent of Highways to carry trucks of 15 tons gross load. Bridge No. 20, Whitcomb's Mill Road, started late in 1921 has been completed by the department. This bridge is designed to carry trucks of 10 tons gross load. Second hand steel was used in the construction of this bridge.

Expenditures in 1921,	$247 83
Expenditures in 1922,	333 29
Total cost of bridge,	$581 12

At least two concrete bridges and one concrete culvert should be built in 1923, Bridge No. 73 at Water Street, No. 77 at Spring Street and Culvert No. 59 on the Concord Road.

All stone culverts on Chesterfield Road should be replaced with permanent construction in the near future.

Creosoted southern pine lumber should be bought at once to build an entire new floor for Bridge No. 6, West Street, and Bridge No. 66, South Keene.

Respectfully submitted,

WINFIELD M. CHAPLIN,

Superintendent of Highways.

REPORT OF PARK COMMISSIONER

To His Honor, The Mayor and Gentlemen of the City Councils:

Sufficient attention has been given the parks during the year to keep them in satisfactory condition. Owing to the extra work done in Wheelock Park in past years, very little was needed there besides the general cleaning up in the spring, consequently a material saving of expense for this year. Much use was made of the Park, as usual, for family gatherings, club meetings, and for the children's playground. Several automobile parties from out of the state found it a convenient camping place for the night. The old water supply in the Park having failed, a new 1½ inch pipe was laid by the City during the summer from Park Avenue to the pavilion, which now furnishes an adequate supply of water for all purposes. The old fountain is no longer of any use and should be replaced another season by a new one.

In Robin Hood Forest the underbrush has been cleared out and disposed of over a strip about three rods wide, beginning at the southwest corner of the tract on North Lincoln Street and extending north to a point opposite the north line of the cemetery. Next year further work of this sort should be done.

Respectfully submitted,

GEORGE A. LITCHFIELD,

Park Commissioner.

Keene, N. H., December 9, 1922.

CITY OF KEENE.

HEALTH DEPARTMENT.

BOARD OF HEALTH.

PAUL F. BABBIDGE, Secretary

JOHN H. SIMPSON

HEALTH OFFICER.

ARTHUR E. BURKE, Resigned June 1, 1922.

FRED C. NIMS appointed June 1, 1922.

REPORT OF THE BOARD OF HEALTH

To His Honor, the Mayor, and City Councils:

Gentlemen:

We hereby submit the report of the Board of Health together with the report of Mr. F. C. Nims, Health Officer.

The change in the personnel of the department was caused by the resignation of Mr. Burke as Health Officer June 1 and the appointment of Fred C. Nims June 1 to fill the vacancy.

Mr. Nims has filled the position to the entire satisfaction of the Board and we think to the public.

Dr. Charles S. Walker resigned June 1, 1922 leaving the Board without a chairman.

No serious epidemic has occurred during the year.

For details see report of the Health Officer.

FINANCIAL.

Balance on hand December 1, 1921,	$800 24	
Appropriation,	3,000 00	
Cash from F. C. Nims,	13 97	
		$3,814 21
Bills paid,		2,612 97
Balance to new account,		$1,201 24

Respectfully submitted,

PAUL F. BABBIDGE, Secretary.
JOHN H. SIMPSON.

HEALTH DEPARTMENT.

To the Board of Health:

I herewith submit my report as health Officer of the City of Keene for the year ending December 1, 1922.

There have been no extensive epidemics of disease in Keene during the past year, and while there have been cases of all those subject to modified quarantine, with a few each of scarlet fever and diphtheria, the spread has been limited. This has been made possible by early diagnosis and prompt establishment of quarantine on the part of physicians and the activities of school and public health nurses, together with careful observance of quarantine regulations.

COMMUNICABLE DISEASES REPORTED DEC. 1, 1921–DEC. 1, 1922.

	D	J	F	M	A	M	J	J	A	S	O	N	Total
Chicken Pox	1	1										2	4
Diphtheria												6	6
German Measles						1		1					2
Gonorrhea		1		3	3	2	4	1	3	3	1	4	25
Measles	1					11	15	10	2				39
Mumps												1	1
Pneumonia			2			1							3
Poliomyelitis						1							1

Trachoma		1											1
Total	2	6	5	11	6	21	25	18	9	3	7	26	

Deaths from communicable Diseases:

Pneumonia	9
Poliomyelitis	1
Scarlet Fever	1
Tuberculosis	5

The decrease in deaths of Tuberculosis and new cases reported is the most notable of any of the major communicable diseases over 1921.

VITAL STATISTICS.

Population, 1922 (Estimated)	11,500
Deaths of Residents, Dec. 1, 1921 to Dec. 1, 1922	181
Resident Death Rate (Per 1,000)	15.7

GENERAL NUISANCES.

There are a great many kinds of nuisances, almost as many as there are different minds of people, and they vary all the way from peeved neighbors to keeping pigs and hens in the cellar, and the best definition for a nuisance is, if you think you have a nuisance in your locality, for you to look your own premises over carefully and then call the Health Officer and tell him what you have seen or known and have him look the matter up. Your communication will be held confidential and it will help keep your City in a clean and sanitary condition.

SUMMARY OF GENERAL SANITATION AND NUISANCE CONTROL.

Work During the Year

Complaints of nuisance	63
Given written order to abate	9
Given verbal order to abate	42
Found not to exist	12

CAUSES OF NUISANCE.

Unsanitary privies	12
Privies ordered put in a sanitary condition	8
Houses ordered connected with sewer	4
Septic tanks ordered installed	3
Pig pens and pigs removed	4
Improper garbage disposal	20
Dead animals removed	3
Leaking drain	3
Sanitary inspection of premises	21
Improper disposal of manure	7

In the first part of the summer I had a great many complaints from the improper. disposal of garbage. In order to get a start towards having some kind of a garbage collection in the City. I made arrangements with Peter Langdon to make two collections a week at a cost of 25c a week for each house, giving the people who really wanted to dispose of their garbage in a sanitary way a chance to do so, and it worked out most satisfactorily to myself and the public, I think.

If I could get three hundred people, living east of the Ashuelot River, south of Prospect Street and west of Lincoln Street, who will agree to pay 50c a month from May 1st to November 1st, I think I can arrange to have these collections made, which would take care of the garbage in a very satisfactory way and at very small cost to each home. Most of those people living outside of the above named area are so situated that they could take care of their own garbage in a sanitary way.

INSPECTION OF PLUMBING.

AMOUNT OF PLUMBING WORK.

Permits issued	43
Water tests	32

NATURE OF PLUMBING WORK.

New work	33
Alterations	9
Additions	1

NUMBER AND KINDS OF PLUMBING FIXTURES.

Baths	32
Bowls	35
Sinks	38
Wash trays.	20
Water closets	54
Traps	55

FOOD SUPPLIES.

There are, in the City, 62 stores handling food and food supplies, 4 bakeries, 6 restaurants and 5 drug stores. These are all under the control of the Health Department and the State Pure Food Laws, they have all been regularly inspected both by myself and the State Inspector and found to be complying with the law, and conducting their business in a clean and sanitary manner when inspected. If patrons would report unclean and unsanitary conditions when they see them in stores and restaurants, it would help conditions a great deal, as it is impossible for a Health Officer to spend all of his time in these places.

Inspection of food stores	192
Inspection of bakeries	24
Inspection of Restaurants	48

BARBER SHOPS.

There are 10 barber shops in the City, all of which are conducting their shops within the provisions of the law gov-

erning barber shops. The barber knows only too well that the people of today demand clean and sanitary service, and the barber who does not provide this does not get the business, regardless of his workmanship.

MILK SUPPLY.

Keene has a just right to be proud of its milk supply, as it is the only city in the state that is selling raw milk drawn from tuberculin tested cows and the City of Keene is being highly congratulated not only by the health officials of the State, but by the surrounding summer residents, as shown by the amount of raw milk consumed during the summer months. There were owned in the City of Keene in October, 1922, 738 cows, of which 554 have passed the tuberculin test within one year, and their daily production was 4,388 quarts, of which 4,116 quarts was sold in Keene.

There were owned in the city in October, 1922, 184 cows that have not received the test and their daily production was 1,236 quarts, which was mostly made into butter or consumed by their owners and was not sold.

SOURCE OF MILK SUPPLY.

No. of herds under Gov. test	61
No. of cows under Gov. test	390
No. of herds under local test	39
No. of cows under local test	164

The daily production of these cows was 4,388 quarts, all consumed in Keene, in addition to this, Swanzey has 84 cows in 9 herds and sending to Keene 614 quarts daily; Surry has 154 cows in 17 herds and sending to Keene daily 1,362 quarts, making the daily consumption of whole milk drawn from tuberculin tested cows 6,364 quarts, which is an average con-

sumption of a little over a pint a day for every man, woman and child in the city.

The amount of whole milk per capita consumed in the United States is seven-tenths of a pint, so this shows that our citizens are appreciating more fully the food value of milk and its usefulness in the diet.

The following are the results of samples of milk sent to Concord for analysis during the past year.

From Dec. 1, 1921, to June 1, 1922	59
Above standard	48
Below standard	11
Clean	22
Slightly dirty	27
Dirty	10
From June 1, 1922, to Dec. 1, 1922	67
Above standard	60
Below standard	7
Clean	47
Slightly dirty	17
Dirty	3

I have inspected this fall the premises and the method of handling the milk of all those supplying milk to the City and found in most places they were trying to keep their premises and handle their milk in a clean and sanitary manner, but in a few places, where conditions were found bad, they were ordered to clean up their premises and keep them in proper condition or stop selling milk. As a rule conditions were found very satisfactory and the owners ready and willing to comply with any reasonable suggestions.

In closing, I wish to call the attention of those living where there is no public sewer to the installation of sealed septic tanks, of which three have been installed at our sug-

gestion and are giving great satisfaction. There is no more excuse for the old-fashioned privy which is impossible to keep in a sanitary condition, as these tanks can be installed in almost any locality and at a small expense.

Respectfully submitted,

FRED C. NIMS,

Health Officer.

Dec. 1st, 1922.

REPORT OF TRUSTEES OF KEENE PUBLIC LIBRARY

To the Honorable Mayor and City Councils:

Gentlemen:

The Trustees of the Keene Public Library submit the following report.

It is ten years since the fire proof stack room was completed and put into use. The library has grown so much in that time that the Trustees are already feeling the necessity of adding more book stacks. We refer you to the statistics of last year to see what the increased interest and patronage has meant to the staff, who co-operating with our ever progressive and devoted librarian are making our library a notable one in the state. A most gratifying result of their untiring efforts.

The Publicity committee have continued their methods of drawing the attention of the public to the library and its privileges with good result.

Work with the children has been continued in a very interesting way by the librarian assisted by Miss Riggs and Mrs. Bishop in the Nature Study classes through the summer and "The Vacation Reading Club." The meeting arranged for their entertainment was largely attended. Mrs. Doucoumes told stories in a very charming manner winning the children's attention and applause. There was music on the grafanola and games led by the assistant librarians. Miss Kate L. Tilden presented the attractive certificates to the children. Several members of the board were present.

The children's book week was again a very great success. The beautiful books now edited for the children were arranged on tables in the hall in large numbers and children and adults spent much time in looking them over. Stories and readings were given by Miss Tilden and Mrs. Robert B. Holmes on two afternoons when library hall was well filled with children and adults, several trustees among the latter.

This fall the New Hampshire Library Association held its annual meeting at Lancaster, New Hampshire. Miss Riggs and Mrs. Bishop were sent by the trustees. They brought back excellent reports and much enthusiasm. Miss Tilden and Mrs. Hersey represented the trustees. Miss Tilden presented the certificate and sum of money given by the association to the small library which made the best progress during the year, to the Hinsdale library.

Miss Saxton and Miss Sherman were sent to the annual meeting of the Vermont Library Association, having received a very cordial invitation to be present. Mrs. Dickinson represented the trustees.

When returning from the Christmas vacation Mrs. Bishop had the misfortune to meet with a painful accident which kept her from her duties seven weeks. During that time an assistant was employed and expenses defrayed from the interest of the Thayer fund.

A new filing cabinet case was purchased for the pictures and paid for from the interest of the Thayer fund. $200.00 was appropriated from the interest of the Thayer fund for the purchase of books, to be marked as "purchased from the Thayer fund."

A one pipe furnace was installed in the spring which works very successfully in late spring and early fall. The roof on the stack room has been repaired at great expense because of the difficulty in getting at it and the expensive materials required. The chimneys have been retopped, necessary repairs made and floors redressed. The leather cushions

in the women's reading room ordered recovered with imitation leather. It was hoped to be able to report the children's room had been opened but owing to delay in obtaining the furnishings it will go into next year's report. It is a great satisfaction, however, that arrangements have been made to have the children's room on the second floor in the Art room, this being in the nature of an experiment. $500,00 was appropriated from the interest of the Thayer fund for this purpose. The present staff will be sufficient to carry out this experiment. The staff is so able and efficient the board feels very appreciative of their excellent work.

Further statistics of interest may be found in the Librarian's report hereby appended.

MARY A. A. PRENTISS,

Secretary.

Dec. 5, 1922.

REPORT OF LIBRARIAN

To the Board of Trustees of the Keene Public Library:

Following is the report for the year ending November 30, 1922.

The year has been one of quiet, steady work with only a slight gain in circulation over last year. An analysis of the statistics, however, shows that the library is serving the city in a very real sense, for notwithstanding a falling off in the circulation of fiction, there has been a large increase in every other class. This fact together with a larger number of new borrowers than ever before and the proposed opening of a children's room with facilities for the younger children indicates possibilities for great growth.

It is evident that with our present resources we cannot furnish sufficient recreational reading to attract a larger body of fiction readers or hardly hold our present patrons, since there are three libraries located in Central Square, nor can we buy the new books of various classes necessary to keep the library up with the times. This year there has been the generous gift of the Trustees to help purchase valuable works of travel, science and biography also finely illustrated books for children. It seems the time to consider seriously, in view of the last year's work, if the city cannot help more largely to bring the funds up to the standard of one dollar per capita of the population which the American Library Association has declared needed to keep the public library an efficient and growing institution; or if gifts may not be secured to make a larger annual income.

The special activities of the year comprise a Neighborhood Meeting at which Miss Grace E. Kingsland of the N. H. Library Commission was present and Miss Margaret Hutchins of the University library, Urbana, Illinois, who gave a very interesting talk on "My library experiences" in which she told of her early associations with a small town library in New Hampshire and later acquaintance with three college libraries; A Vacation Club for young people which had a large enrollment and a larger number to receive certificates than ever before. At the close of the time Mrs. Gorge Doucoumes told Underwood's "Wild Brother" in a delightful manner. The observance of Children's Book Week seemed especially successful in the interest it aroused among parents and older friends in the reading of the children. Our thanks are due to the Keene Evening Sentinel for space generously given during the week, to The Scenic Theatre for courteously showing a publicity slide, to the pastors of the churches who gave prominence to the week and the cause it represents on church calendars, from the pulpit and in Sunday School; to the Keene Woman's Club which purchased copies of "The Bookshelf for Boys and Girls," an extremely good list of books, for the library to distribute; and to Miss Kate Tilden and Mrs. Robert W. Holmes who read and told stories to groups of children. 58 older children assembled on one day and 130 younger ones on the next.

Through the kindness of the Trustees, the Librarian and all the assistants have attended library meetings either in New Hampshire or Vermont. We were fortunate also in having two Trustees present at the annual meeting of the N. H. L. A. at Lancaster, one of whom had a part on the program. The librarian was given permission to act as lecturer for three days at the Summer School for Librarians held at the State College at Durham.

Among the gifts, we note especially that of Webster's New

International Dictionary for the Reference Room, from Mrs. E. A. Palmer.

The most important plan of the year is that to which reference has already been made—the opening of a room especially for the children in the so-called museum room on the second floor. The museum cases will be moved into a smaller room but still be open to the public. The floor will be covered with a cork carpet, and the room fitted with one long table of the Kindergarten style with chairs for the very little ones, the gift of Miss Tilden, two large oblong tables with chairs of heights to suit the different ages, the gift of the Trustees, and book stacks which were used before the present book room was built. It will doubtless be opened in January.

The library staff has remained the same as last year except for a substitute during the absence of one member.

Respectfully submitted,

MARY LUCINA SAXTON,

Librarian.

STATISTICS IN THE FORM RECOMMENDED BY THE AMERICAN LIBRARY ASSOCIATION.

REPORT FOR THE YEAR ENDING, NOV. 30, 1922.

Population of city, census of 1920	11,210

REPORT OF CITY SOLICITOR

To His Honor the Mayor and Gentlemen of the City Councils:

As Solicitor for the City, I beg leave to submit the following report:

In the Superior Court, the various matters, in which the City of Keene is a party, have received the careful attention of the Solicitor and the cases appealed to the Superior Court from the Municipal Court have been prosecuted and proper disposition made of them.

In the Municipal Court the various Police offenses have been prosecuted in behalf of the City and the cases tried or disposed of by plea.

In the Superior Court the suit of the Boston and Maine Railroad against the City of Keene, which was started in 1914 and covering the taxes assessed by the City of Keene against the Boston and Maine Railroad for the year 1913, has been finally disposed of, judgment being rendered for the railroad, in accordance with the finding in a parallel case brought by the Boston and Maine Railroad against the City of Concord.

The case of the City of Keene, asking for abatement of taxes on land owned by the City and used for water conservation in the town of Roxbury, is finally in the hands of the Judge of the Superior Court for a decision which will be undoubtedly handed down before the end of this year, and in other tax matters where petitions were brought against the

City of Keene, the City has been successful and the taxes appealed from have been paid.

Your Solicitor has given advice to the various departments of the City Government and the various officials of the City and in many occasions written opinions have been given on request to the various officials, particularly on matters relating to revaluation and tax matters generally.

Respectfully submitted,

WILLIAM H. WATSON,

City Solicitor.

Keene, December 9, 1922.

REPORT OF THE SUPERINTENDENT OF CEMETERIES.

To His Honor the Mayor and Gentlemen of the City Councils:

The undersigned presents the report of the Cemetery Department for the year ending Nov. 30, 1922.

The season of 1922 closes with the work well in hand; the copious rains of the summer kept the grass in such vigorous growth, that it was necessary to keep the lawn mowers in constant use until well into October.

The avenues and walks are in good condition and the absence of early snows has enabled us to complete the raking of leaves in a more thorough manner than usual.

Considerable preliminary work has been done in several places, in the way of clearing and filling, but no large plot has been completed this year.

Over fifty lots have been graded or resurfaced, several of them being lots for which adequate trust funds made provision.

The wire fence has been repaired in places, as time permitted, but is in poor condition, and will be a constant annoyance and expense until replaced.

Many depressions have been filled, markers straightened,

and various small matters that occur throughout the season attended to.

One hundred and thirty-five interments have been made, eleven—four adults and seven children—in the public ground, and the remainder in family lots or single graves, four removals, and three reburials have been made.

Thirty-eight lots have been sold, seventeen eight grave, three five grave, four four grave, two three grave, six two grave, and six single graves.

The elimination of horse drawn vehicles in attendance of funerals will make it necessary to be prepared for emergencies in reaching lots by automobile through the winter.

I have received during the year as follows:

Dec. 1921.	Sexton work, $60.00; labor, $202.10; loam, $52.75; fertilizer $43.00; grass seed, $5.50; care of lots, $489.00; collected on lots sold, $5.00; gravel, $5.00,	$862 35
Jan. 1922.	Sexton work, $115.00; labor, $7.00; fertilizer, $2.00; care of lots, $158.00; collected on lots sold. $20.00; rottenstone, $1.00,	303 00
Feb. 1922.	Sexton work, $101.00; labor, $5.50; care of lots, $56.00; collected on lots sold, $125.00,	287 50
Mar. 1922.	Sexton work, $127.00; labor, $29.00; loam, $2.50; fertilizer, $2.00; grass seed, 75c; care of lots, $38.00; collected on lots sold, $135.00; wood, $2.00,	336 25

April 1922. Sexton work, $71.00; care of lots, $12.00; collected on lots sold, $55.00; wood, $8.00,	146 00
May 1922. Sexton work, $112.00; labor, $17.00; loam, $9.50; fertilizer $4.50; grass seed, $2.00; care of lots, $89.00; collected on lots sold, $255,	$489 00
June 1922. Sexton work, $154.00; labor, $40.50; loam, $18.25; fertilizer $3.50; grass seed, $1.75; care of lots, $26.00; collected on lots sold, $145. interest, $12.24.	$401 24
July 1922. Sexton work, $106.00; labor, $7.50; care of lots, $3.00; collected on lots sold, $196.00,	312 50
Aug. 1922. Sexton work, $13.00; labor, $41.50; loam, $22.50; fertilizer, $7.50; grass seed, $4.00; care of lots, $10.00; collected on lots sold, 195.00; oak logs, $6.90,	300 40
Sept. 1922. Sexton work, $68.00; labor, $73.00; loam, $29.50; fertilizer, $19.50; grass seed, $6.00; care of lots, $15.00; collected on lots sold, $40.00; removing tree, $50.00,	301 00
Oct. 1922. Sexton work, $160.00; labor, $135.00; loam, $60.00; fertilizer $28.00; grass seed, $11. care of lots, $13.00; collected on lots sold, $297.00,	708 50
Nov. 1922. Sexton work, $118.00; labor, $80.00; loam, $23.00; fertilizer, $20.00; grass seed,	

$6.50; care of lots, $31; collected on lots sold, $140.00,	418 50
Total for year,	$4,866 24

This amount has been deposited with the city treasurer, and I hold vouchers for the same.

Respectfully submitted,

LAURA E. MASON,

Superintendent.

Keene, N. H., Nov. 30, 1922

REPORT OF DIRECTOR OF PUBLIC PLAY GROUNDS.

To His Honor the Mayor and Board of Aldermen:

The City Playground was in session at Wheelock Park from July 11 to August 25, 1922.

The invigorating air and the healthful pines permeated the hearts of the little folks, and they responded to them by regular attendance and always ready and willing to utilize the stimulated energy on the apparatus or in the organized games.

An excellent baseball team representing the playground had opportunities to play with outside teams and most of all the spirit of fellowship and the development of good sportsmanship were deeply instilled in the hearts of the players. This same result was acquired in all the other games. The playground as it was arranged this year meant a big family and a specified order of events from the time that the little folks met on the Square in the morning and fell in line for the car until they fell in line at night to return on the car.

The swings and other apparatus were used extensively, and any new additions will greatly facilitate matters in allowing more children to make use of the joy created by them.

The children were organized under Miss Mary Saunders and Miss Grace Bennett.

Respectfully submitted,

MARY SAUNDERS.

Keene, September 8, 1922.

REPORT OF OVERSEER OF POOR.

To His Honor the Mayor and Gentlemen of the City Councils:

I hereby submit the annual report for the year ending December 1, 1922.

The expense for taking care of the poor people of the City for year 1922 has been somewhat larger than in 1921, due in part to the fact that I have had a greater number of calls for aid than usual, and to the advance in the price of fuel, and rents, both of which are very important items in this department.

I have also been obliged to take more people to the County Farm than usual on account of their advanced age, and illness, some of which have been in the hospital at a cost of $10.00 per week.

I wish on behalf of the City to thank all those (and there are many) who have given food, and clothing to the poor people of the City, and they can feel assured that their generosity is highly appreciated.

I wish also to thank the District Nursing Association, and especially Miss Alice Hacket for the very efficient service she has rendered to the poor people in the City, who otherwise would not have had proper attention.

This Association is to be most highly commended for the very excellent service it is giving to the poorer class of people in the City.

During the year I have furnished aid to City and County dependents, also dependent soldiers and their families, as follows:

CITY PAUPERS.

	$183,892 50

I certify that the above is a correct statement of the obligations authorized, and the amounts to be assessed to meet statutory requirements and appropriations made at the annual meeting of the Keene Union school district held March 28, 1922.

WILTON H. SPALTER,
Clerk of the School District.

April 4, 1922.

To the State Board of Education:

I certify that the above is a correct statement of the financial proceedings of the district for 1922, and that copies of this statement have been filed with the City Clerk and entered in the records of the school board.

ROBERT T. KINGSBURY,
Chairman of School Board.

April 4, 1922.

REPORT OF CLERK OF UNION SCHOOL DISTRICT

To His Honor, the Mayor and Board of Aldermen of the City of Keene:

At an annual meeting of Union School District, held on March 28, 1922, the district voted to raise by taxation the current year the sum of One Hundred Eighty-three Thousand Eight Hundred Ninety-two Dollars and Fifty Cents for the purposes hereinafter enumerated, viz.:

For the support of schools, etc.	
Estimate of $3.50 tax on 1922 inventory, $13,000,000,	$45,500 00
Estimate of additional sum needed,	83,110 00
For the payment of per capita tax, estimated,	4,000 00
For payment of High school building notes,	10,000 00
Roosevelt school building notes,	5,000 00
Payment of interest, Coolidge lot note,	682 50
Payment of interest High school building notes,	2,100 00
Payment of interest Roosevelt building notes,	2,500 00
Borrowed money in anticipation of taxes,	3,000 00
Grading Roosevelt lot and furnishing building,	3,000 00
For the general expenses of the past year, vote of Jan. 27, 1922, and ratified and confirmed,	25,000 00
Total amount to be raised the present year,	$183,892 50
Payment of interest, Coolidge lot note,	682 50

And I further certify that John J. Colony, Adolf W. Pressler and John D. Proctor were duly elected members of the Board of Education for the term of three years next ensuing to succeed themselves and that Marion B. Nims was duly elected a member of the Board of Education for the term of two years next ensuing to fill a vacancy caused by the removal from the State of Eleanor Keyes.

Attest:

WILTON H. SPALTER,

Clerk of Union School District.

Keene, N. H., March 29, 1922.

A true copy:

Attest:

FRANK H. WHITCOMB,

City Clerk.

For the Board of Police Commissioners,

PHILIP H. FAULKNER,

Clerk.

Keene, N. H., December 1, 1922.

REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT AND CITY ELECTRICIAN.

To His Honor the Mayor and Gentlemen of the City Councils:

As required by the City ordinance governing the fire department, I herewith submit my report for the year ending Nov. 30, 1922.

The department has responded to the following alarms, 20 bell alarms, 120 still alarms and 5 out of town calls, making a total of 145 alarms.

The estimated value of buildings damaged by fire was,	$70,100 00
Damage to buildings,	6,029 26
Insurance on said buildings,	46,600 00
Insurance paid,	6,029 26
Value of contents of said buildings,	63,600 00
Damage to said contents,	$10,428 67
Insurance upon property,	48,700 00
Insurance paid,	10.428 67

Apparatus and force: The apparatus and force of the department under a Chief and three assistant chiefs, located on Vernon street, is as follows: The Keene Steam Fire Engine and Hose Company, J. A. Denison Captain, 25 men has Amoskeag Steamer, No. 1, Button steamer No. 2, one Combination Chemical and Hose Wagon, one Relief Hose Wagon, and one

Motor Chemical with two 40-gallon chemical tanks and other necessary equipment. Washington Hook and Ladder Company, M. J. Carey, Captain, 20 men, has one Motor Combination Chemical and Ladder Truck and two Relief Trucks. Deluge Hose Company, E. H. Applin, Captain, 20 men, has one Combination Chemical and Hose Wagon. We have on hand about 8,000 feet of No. 1 hose, 1,500 feet of linen hose, at South Keene, 500 feet of No. 2 hose, which is unfit for fire service. During the year 250 feet of No. 2 hose was sold to the Water Works Department. 150 feet of No. 2 hose has been left with the Pittsburg Glass Company, South Keene, for fire service.

Recommendations: The Board of Engineers recommend the purchase of 1,000 feet of hose; Pumping Engine and Wagon Gun. We also recommend that the City Councils give their earliest attention to the report of the hydraulic Engineer on more water for fire protection, as water is the most essential thing in fighting fires.

The fire alarm telegraph system has had new cell plates in the batteries this past year, and is now in excellent condition.

Recommendations: We recommend that $200 be appropriated this year for the installation of one new fire alarm box and to make repairs on several of the boxes which are now in service.

During the term of my office as Building Inspector, I have given 38 permits for the erection of new buildings, and 9 permits for repairs on old buildings.

To the Mayor, and members of the joint standing committee on fire department, the members associated with me on the board of engineers, officers and members of the department and to the public, I extend my sincere thanks and appreciation for the liberal aid and generous support rendered me during the past year.

EUGENE B. RILEY,
Chief Engineer.

REPORT OF SEALER OF WEIGHTS AND MEASURES.

To the Honorable Board of Mayor and Aldermen of the City of Keene:

We herewith submit a report of our work during the past year.

We have found the weights and measures throughout the City to be satisfactory in most cases. Having confiscated only a few scales that were not made to use in stores.

Two sets of Wagon or Hay scales have been replaced by new truck scales of a heavier type.

The gasoline pumps were found to be giving full measures, or were adjusted so that they complied with the law.

The number of small stores and gasoline pumps on the outskirts of the City continue to increase each year, which adds to the work of this department.

J. C. ESTABROOK,

Sealer Jan. 1st, 1922 to Oct. 1, 1922.

E. D. HAYWARD,

Sealer Oct. 1 to Jan 1, 1923.

Respectfully,

BERTRAM A. POWERS,

Collector.

Keene, December 4, 1922.

REPORT OF CITY AUDITOR.

To His Honor the Mayor and Members of the City Councils:

I have examined the bonds, notes, deposit books, and other securities belonging to the City in the hands of the city treasurer and the trustees of trust funds, and find the same correctly set forth in the proper schedules to be printed in the annual report.

I have also examined the books and vouchers of the several officers and find that their collections and deposits for the year ending Nov. 30th, 1922, were as follows:

	Receipts.	Deposits.
City treasurer,	$123,105 59	$123,105 59
Tax collector,	466,781 38	466,781 38
City clerk,	5,418 25	5,418 25
Supt. Water Dept.,	2,039 04	2,039 04
Supt. drains,	2,280 52	2,280 52
Supt. cemeteries,	4,866 24	4,866 24
City messenger,	3,187 50	3,187 50
Police commission,	115 00	115 00
Clerk municipal court,	2,055 14	2,055 14
City marshal,	757 44	757 44
W. M. Chaplin, examiner,	9 00	9 00
Supt. highways,	2,314 94	2,314 94
Park commissioner,	74 80	74 80
Overseer of poor,	6,344 50	6,344 50
Health department,	13 97	13 97

O. E. Cain, Mayor,	1,525 00	1,525 00
Sale of Cass property		
Librarian, public library,	538 49	538 49
	$621,426 80	$621,426 80

I have examined, verified and allowed all claims paid by the City during the fiscal year, amounting to $594,060.92, and the disbursements as reported by the City Clerk agree with the entries made by the Auditor in his book.

Respectfully submitted,

WALTER M. HUBBARD,

City Auditor.

VITAL STATISTICS

VITAL STATISTICS

To His Honor the Mayor and Gentlemen of the City Councils:

In compliance with an act of the legislature, passed June session, 1887, amended by the legislature, of 1889, requiring "clerks of towns and cities to furnish a transcript of the record of births, marriages and deaths to the municipal officers for publication in the annual report," I herewith submit the following:

FRANK H. WHITCOMB,
City Clerk.
